MANUFACTURERS TO UNITE TO UPHOLD ARBITRATION

New York, August 24.—The Illinois Manufacturers' association today called a conference of similar organizations from many states to meet in Chicago August 29 to "uphold the principle of arbitration and to secure united action on the part of industries with reference to the controversy between railroads and their trainmen."

Telegrams stating the purpose of the conference were sent to the Iowa, Kentucky, Tennessee, Indiana, Michigan, Ohio, Pennsylvania, New York and Massachusetts state manufacturers organizations.

The Chicago Association of Commerce sent a telegram to President Wilson tonight, urging that the association be permitted to present its views to him before he acts further in the pending controversy.

Washington, August 24.—Objections which developed tonight at a meeting of railroad presidents and managers to points in the tentative plan evolved by the committee of eight presidents considering ways to avoid the threatened general strike resulted in a further postponement of final action. The conference adjourned to meet again tomorrow, and, as one president phrased it, the situation is such that "it may be settled in twenty minutes or the matter may go over until next week."

A statement issued by the railroad executives tonight summed it up this way:

"At the invitation of President Wilson, Messrs. Hale Holden, Judge R. S. Lovett and Daniel Willard went to the white house at noon and held a short conference with the president.

"A conference of the railroad executives was held at 3 o'clock and a new phase of the situation of some importance was laid before the conference by the special committee.

"After a considerable discussion without definite action an adjournment was taken until 11 o'clock tomorrow morning. In the meantime the special committee of the presidents will continue its labors."

Would Grant 8-Hour Day.

The special committee's plan, drafted after a week's consideration, would provide for granting an eight-hour "basic" day to the trainmen, but with assurance that every effort would be made by the administration to secure a freight rate increase to recompense the roads and the further assurance that congress would be asked to enact legislation to insure settlement of fu-

GREEK VOLUNTEERS RUSHING TO ARMS AGAINST BULGARS

Reported in Athens That a Battle Against Invaders Has Been Going on at Seres for Days.

London, August 24.—The situation on the Saloniki front remains obscure, but apparently there has been no important change since the allied flanks were forced back by the Bulgarians at the opening of the offensive. There have been no further reports as to the attitude of Rumania and main interest is centered now on Greece. Athens dispatches report Greek volunteers rushing to Seres to take up arms against the Bulgarians.

Conflicting reports are being received as to whether or not the Greeks and Bulgarians actually have clashed.

Reports to the Greek capital state that fighting has been going on at Seres for days.

MOVE OF BULGARS AROUSES GREECE.

Athens, August 24.—From all parts of Greece officers and men are hastening to Saloniki to volunteer with the entente forces to fight the Bulgarians. A corps of Albanians has arrived at Saloniki.

In view of the intensity of feeling over the Bulgarian advance a mass meeting planned for next Sunday in celebration of the anniversary of the revolution of 1909 is regarded with some apprehension.

SERBIAN TROOPS DEVELOP OFFENSIVE.

Paris, August 24.—The French war office this afternoon gave out the following announcement on the operations in front of Saloniki:

"In front of the right wing of the allied armies the enemy is entrenching himself on the left bank of the River Struma and on both sides of the highway to Seres. Between the Struma and the upper valley of the Moglenica Anglo-French forces have repulsed without trouble several attempts of the enemy to recapture the positions occupied by Anglo-French forces north of Palmes, in the sector of Doiran, and in the direction of Ljumnica.

"Along the entire mountainous front west of the Moglenica Serbian troops are developing an offensive. On the extreme left they have reoccupied, as a result of a vigorous counter attack, Hill 1506, five kilometers (3 miles) northwest of Ostrovo lake, which position they lost on the morning of August 23."

BULGARIANS CLAIM DEFEAT OF SERBS.

Sofia, August 24.—Today's Bulgarian official statement reads:

"Bulgarian troops advancing south of Florina occupied on August 23 Kostour and Kastoria. The defeated Serbians are retreating southward. The Bulgarians operating in the direction of Lerina, Banica and Corntchero captured on August 21 a strongly fortified position on the crest of Mount Malka Nieze.

"On the following day they attacked the Serbians on the Vardar in their new positions at St. Spiddon, hill 207 and Tcheganski Planina. We captured seven officers and 200 men, and also a number of quick-firers and machine guns and other material. The fighting continues.

"We definitely consolidated our positions on the Djermattgeri height, north of Lake Ostrovo. In the Moglenica valley important forces attacked the Dukoruz and Kourl sector. All attacks were repulsed with heavy Serbian losses. In the Vardar valley the day was quiet except for artillery activity.

"Southwest of Lake Doiran the enemy at 10 o'clock in the evening attempted to attack our advanced positions, but were repulsed.

"Additional information shows that the Hundred and Seventy-sixth French regiment, which participated in the fighting on the 21st lost 50 per cent of its effectives. We found on the field 250 bodies.

"On our left wing in the Struma valley we cleared the left bank of the river of the enemy. We buried 500 of the enemy yesterday.

"South of Drama advanced Bulgarian detachments encountered an English squadron accompanied by a company of cyclers. After exchanging shots, the English retired in the direction of Orfano. Having previously destroyed two bridges over the river, we occupied Angista station and the railway through Oxilar, Brama, Angista, Seres and Demir Hissar is now in our possession."

Clery Almost Surrounded by the French, Who Are Also Directly in Front of Combles, Important Railroad Town.

BIG GUNS OF ALLIES PREPARING OFFENSIVE ON NEW 30-MILE FRONT

Russians Reoccupy Important Town of Mush, in Armenia, and Report the Capture of 2,300 Prisoners at Rachta.

Striking simultaneously, the British and French have made substantial gains on the Somme front, according to Paris and London. Maurepas has fallen to the French, who have pushed forward more than 200 yards beyond the town on a front of a mile and a quarter. The British report a 300-yard advance south of Thiepval and the capture of many prisoners.

The capture of Maurepas leaves Clery almost surrounded and brings the French directly in front of the important railroad town of Combles. Thiepval is in about the same position as Clery and the allied front, as described, and now resembles the teeth of a great saw between which the Germans are tenaciously holding the ruins of several villages.

Dispatches from the Somme front indicate that the French are preparing to extend their offensive for a distance of 30 miles south of the present battle line. They are reported to have opened a tremendous cannonading from Estrees to Lassigny and the bombardment is said to have reached an unprecedented intensity the last two days.

No change is reported from the east, but the Russian offensive in Armenia apparently is assuming powerful preparations. Petrograd reports the reoccupation of the important Armenian town of Mush and the capture of 2,300 prisoners at Rachta.

The Italians, who are pushing their offensive on the extreme north of the Austro-Italian line, claim the capture of several Austrian positions. There has been an increase in artillery activity along the Isonzo, but no infantry actions have been reported.

MAUREPAS TAKEN BY FRENCH TROOPS.

Paris, August 24.—French troops today completed the occupation of Maurepas and carried their line 200 meters beyond the town on a front of two kilometers, according to tonight's communication.

Tonight's communication says:

"North of the Somme, about 5 o'clock in the afternoon, we attacked German positions in the Maurepas region. After carrying in a single dash that part of the village which the enemy still occupied and adjoining trenches we established a line 200 meters beyond a front of about two kilometers, stretching from the railroad north of the village to Hill 121 on the southeast. We took prisoner 200 Germans during this operation and captured a dozen machine guns.

"South of the Somme the artillery duel continues in the Estrees and Lihons sector.

"On the right bank of the Meuse the enemy launched many hand grenade attacks against our new front between Thiaumont and Fleury. These broke down under our fire. We made slight progress beyond the eastern outskirts of Fleury. The day's combats brought the day's total of prisoners in this sector to 300, of which eight were officers."

BRITISH ADVANCE SOUTH OF THIEPVAL.

London, August 24.—British troops have advanced 300 yards south of Thiepval, capturing a German trench 400 yards in length and many prisoners, said an official statement issued by the war office tonight.

The statement reads:

"South of Thiepval this afternoon we made a further advance of 300 yards, capturing an enemy trench 400 yards in length. Many prisoners are being taken in this sector. Yesterday 62, including two officers, were passed back. These are in addition to 164 already reported. Today a further number was taken, the exact number not yet being ascertained.

"A hostile bombing attack against our new trenches north of Bazentin-Le-Petit was easily repulsed last night. There has been considerable hostile shelling this evening along our front, mainly in reply to our bombardment."

ATLANTA'S NEXT MAYOR

ASA G. CANDLER,
Who was elected mayor of Atlanta by a big majority.

Candler Urges All Citizens And Office-Holders to Help In Building Greater Atlanta

Asa G. Candler, who was yesterday nominated mayor of Atlanta, and who will take office on January 1, 1917, last night issued the following statement:

"A little more than thirty days ago the first suggestion came to me with reference to my becoming a candidate for the office of mayor of this city. At that time I had never thought of becoming a candidate for any office; I had no desire to hold office.

"A large number of good citizens from various walks of life asked me to consider the proposition. I shrank from it for many reasons. Without political experience and without political ambition, I earnestly desired that some other man should be supported by them, but they assured me that in their opinion there was a necessity, and therefore a duty upon me to subordinate my wishes and desires to theirs. I was assured by all of them that my services were needed by the city of Atlanta, and that the people of the city would elect me if I would agree to serve them.

"I consented to enter upon the race with the kindest feelings toward every citizen of this city, and as far as those feelings are concerned, while some things have been said by gentlemen in opposition to my candidacy which have had a tendency to irritate, because of the absence of truth from some of them, and the presence of ill-will in others, in the presence of the magnificent indorsement this day given to my candidacy by all the people from every walk in life, I tonight, feeling most deeply my great debt of gratitude to all who have contributed in any way to this result, put behind me every feeling of resentment and ask that every citizen, without reference to his occupation or position, join hands with me and the general council, those holding office and those nominated by the people today, together with the other officials of the city, to give to Atlanta a good and creditable administration of her affairs.

"We have a great city here, the capital of the state, one that should have the respect, love and admiration of all the people of the state. We must all do everything in our power to have her take such a position. This cannot be accomplished by one election, nor in one day's work for political supremacy. 'Eternal vigilance is the price of liberty,' and it must be not for one day, but for every day.

"To those who have given so much of their time and earnest effort to the success of my candidacy, I tender my deepest gratitude and sincerest thanks. I shall do my utmost to repay them by giving the best that is in me to the discharge of the duties of the office, and I know that in doing this I shall be doing all that you ask in return for your efforts. To every citizen of Atlanta who has honored me by his suffrage I tender my appreciation and

Receives Majority of 4,109 Carrying Every Ward in City With Exception of the Fifth

Henry L. Collier Will Be Next Chief of Construction, Winning Over H. Nym Hurt, Incumbent, by Vote of 5,813 Against 5,633, Collier's Majority Being 180. This Race Was One of the Closest and Hardest-Fought of the Primary.

WALTER TAYLOR BEATS DREW LIDDELL FOR CITY CLERK BY MAJORITY OF 387

Run-Overs Will Be Necessary for Building Inspector, Aldermen in Third and Fourth Wards, and Councilman in Tenth Ward—J. H. Ewing Defeats Charles Stokes for Alderman From Eighth Ward—Day Was an Ideal One for Election Purposes, and There Was No Disorder at the Polls.

By a majority of 4,109 Asa G. Candler was elected mayor of Atlanta in the primary held yesterday. His majority was larger than the total vote polled for Jesse W. Armistead, his opponent in the race. Mr. Armistead polled 3,712 votes. The total vote cast was 11,533, very close to the estimates of the total predicted in many circles of the city during the past several days.

Mr. Candler carried every ward in the city, with the exception of the fifth. In this ward Mr. Candler polled 312 votes as against Mr. Armistead's 528. It was very generally conceded that Mr. Armistead would carry this ward, but it was not thought he would have this majority.

Walter C. Taylor won the race for city clerk, and was re-elected by a majority of only 387 votes. This race was close from the opening of the polls, but it was confidently predicted that Taylor would win and go in office for another term. The total vote cast for Taylor was 5,904 as against 5,517 for Liddell.

Henry L. Collier was elected chief of construction over H. Nym Hurt by a vote of 5,813, against 5,633, Mr. Collier's majority being 180.

In the race for building inspector, C. J. Bowen led the ticket, but not having received the majority of all the votes cast, the race will have to be run off between Bowen and Markel. The total vote was as follows: Bowen, 4,981; Markel, 2,276; Carpenter, 1,884; Grist, 1,884.

The total number of votes cast in the city was 11,533. The largest vote was cast in the third ward and the second largest in the sixth ward.

The proposed charter amendments for the election of all city officials by the city not now coming before the people in the regular primary was carried by an overwhelming majority, but it will take an official report to determine the exact vote on this question.

The vote in the primary on these amendments was merely an expression of the people on these matters, and it will require an action by council and a charter amendment to make the proposed changes in the elections.

WISH TO VOTE ON OFFICIALS.

By a decided majority the voters in the primary expressed a wish to have the people vote for the following city officials: Tax assessors, suprientendant of city schools, manager of city parks, city health officer, sanitary chief, chief plumbing inspector, superintendent of mechanical engineering, superintendent of Grady hospital, chief of police, chief of fire department.

There was also a large majority cast in favor of the city furnishing free text books to the school children.

There was a very decided majority cast in favor of changing the date of the city election from the first Wednesday in December to the first Tuesday after the first Monday in November, in order that the city election

ZEPPELINS VISIT COAST OF ENGLAND; NO DAMAGE DONE

London, August 25.—German airships again have raided the east and southeast coasts of England, dropping bombs, according to an official communication issued early this morning.

The communication says:

"Several airships crossed the east and southeast coasts of England shortly before midnight. A number of bombs were dropped, but there has been no report of casualties or damage."

Beard of French Soldier Doomed by New Order; Army 120 Tons Lighter

Paris, August 24.—The beard of the French soldier is doomed in an army order directing that the men at the front shave all but moustaches. The order brought an outburst of humorous and ironic discussion in the trench newspapers, to which some of the most famous French artists, philosophers and literary men have contributed.

General Pierre Cherfils, reasoning technically, excuses the measure because "the beard of a trooper weighs on an average of 60 grammes. With two million men at the front this brings the aggregate weight to 120 tons. It was natural that the staff should think of relieving the army of this considerable and useless weight."

Unrestricted Renewal Of Submarine Warfare Demanded by Von Tirpitz

Washington, August 24.—Mail reports of a "manifesto" recently issued by Admiral von Tirpitz, former head of the German navy, calling for an unrestricted renewal of the submarine warfare, have been received from Berlin by the state department. The dispatches are very vague and the text is not included nor is it revealed what official position, if any, Von Tirpitz now holds.

The "manifesto" was issued about a month ago. It declared renewal of submarine operations would cripple England seriously and do no harm so far as the United States was concerned, as that country already is doing Germany as much damage as she possibly could, even in a state of war.

NO DISORDER AT POLLS.

No disorder of any consequence was reported from any precinct. Throughout the day there were arguments—mainly between Candler and Armistead men—but it ended there. The day was remarkably free from bitterness, abuse or rowdyism of any sort, and the police police policemen were, in most instances, ornaments only.

Both candidates for mayor "made" all of the polling places during the day, but it so happened that they did not meet at any one of them. Mr. Candler was out early. He voted among the first in his precinct—precinct C, ninth ward—and the remainder of the morning, and until 4 o'clock in the afternoon, he spent for the most part in touring the city, stopping wherever voting was in progress.

At each precinct the approach of the Candler automobile was the signal for cheering, applause and shouts of loyalty to his candidacy. Mr. Candler himself was happy throughout the day; his face beamed with pleasure and satisfaction at the reports he received at each polling place, and while he remained at each he was central of a circle of friends and adherents, all joking and laughing and making merry over "the way things are going."

ALL ONE WAY AT EVERY POLL.

When he left the polling place in the third ward at 4 o'clock, Asa G. Candler, Jr., who drove the car, asked the usual question, "Where next?"

"To my office," said Mr. Candler, Sr. "There's no use going to any more of them—there's nothing more to do. It's all the same at every one of them, and it's all one way."

At each polling place Candler workers were busy all day long—in some wards more than 100 of them. They fairly took things by storm, and the opposition was completely overwhelmed.

And another remarkable feature of the election lay in the fact that practically all of the real estate and fire insurance offices remained closed during the entire day, and the wholesale commission merchants, grain dealers, grocers and commission brokers were closed during the afternoon, all in order that their employees and officials might devote their time to the interests of Mr. Candler's candidacy. This was a thing unheard of in an Atlanta election.

Everything that could have been done, legally and fairly, by the Candler campaign committee to bring about a full expression of the people's will at the polls was done. Every man knew his place, what was expected of him, and his full duty many days before election day. Everyone was at his place, doing his full duty and all that was expected of him from the opening to the closing of the polls. It was a remarkably well-managed campaign, with Forrest Adair the manager-in-charge of it.

Washington, August 24.—Amendments to the federal reserve law designed to equip national banks to further foreign commerce by establishing foreign branches and accepting foreign drafts or bills of exchange, were presented to the senate today as agreed upon by house and senate conferences. Other amendments would widen the field from which the federal member banks may accept paper for discount and would permit national banks in places of not more than 5,000 inhabitants to act as agents for insurance companies.

KAISER WILL DECORATE CREW OF DEUTSCHLAND

Amsterdam, August 24.—(Via London.)—According to a dispatch received here today from Berlin, Emperor William has sent the following telegram to the owners of the submarine Deutschland:

"With sincere pleasure I have just received news of the safe return of the submarine liner Deutschland. I heartily congratulate the owners and builders of the vessel and the brave seamen under Koenig's command."

The message also expreses the intention of the emperor to bestow decorations on members of the Deutschland's personnel.

Reported to Be Damaged.

London, August 24.—The Deutschland returned home slightly damaged, according to an Exchange Telegraph dispatch from The Hague, which says this information is contained in a telegram from Bremen. The members of the crew were unwilling, it adds, to give details of the return voyage.

The arrival of the submarine surprised her owners, as she was not expected to dock within a week.

Reports of the return of the German submarine Deutschland from the United States are corroborated in a telegram received at Amsterdam from Bremen, as forwarded by Reuter's correspondent.

According to this information, the Deutschland traveled 4,200 miles on her homeward voyage. At the beginning the sea was tempestuous, but later it became more calm. The Deutschland proved to be able to navigate the stormy seas excellently. Her engines worked faultlessly. No icebergs were passed on the journey.

The American government, says the dispatch, acted in a correct manner as a neutral, rigorously enforcing respect for its frontier from British and French warships by the employment of its own men-of-war.

After a British cruiser entered Chesapeake bay at night even more effective measures were taken to enforce neutrality. No less than eight British warships, it is said, were on the alert, surrounded by numerous small American vessels which had been chartered for the purpose of placing nets and obtaining information as to the movements of the Deutschland. Nevertheless, the submarine succeeded in leaving undetected. A distance of 100 miles was traversed under water without difficulty.

Bremen to Arrive Soon.

London, August 24.—The German submarine Bremen, reported to be proceeding to the United States, is well on its way, according to an Exchange Telegraph dispatch from Copenhagen. The dispatch says Alfred Lohmann, head of the Ocean Navigation company, which owns the Bremen, asserts he has received a message from the submarine and that it will arrive in America in a few days.

MORE DRAUGHON GRADUATES "STEP" FROM COLLEGE TO HIGH-GRADE POSITIONS

FALL TERM BEGINS SEPTEMBER FIRST

Many Students Accept Good Positions During Week. Many Calls Unfilled.

ROY M'COLLUM.

The business men of Atlanta and Georgia are calling for Draughon trained office help; young men and women who will qualify for good positions as soon as possible. Draughon graduates are recognized by business men everywhere as being better qualified than those from other schools, and this is why Draughon's College has more calls for office help than it can supply.

The following is an extract from a letter just received from Mr. Roy McCollum, stenographer for the W. & A. Railroad company, which is self-explanatory:

Since coming in contact with difficult railroad correspondence I am more than ever convinced and appreciative of the thoroughness of the instructions I received at your College. The course of Shorthand and Touch Typewriting as taught at Draughon's is unexcelled.

Everywhere I come in contact with Draughon graduates I find them holding the best positions. I can safely say that I owe my success in the railroad business to the careful and efficient training I received at Draughon's.

Mr. Chester DeLoach, of Claxton, Ga., a recent graduate, also writes:

"I am getting along fine with my position as bookkeeper for the First National Bank of Claxton. Have just received my diploma, and wish to thank you for the many kindnesses shown me."

For catalogue and full information, write or phone to H. R. Todd, superintendent, Draughon's Practical Business College, Atlanta, Ga. Or better still, call and talk the matter over.

Washington Seminary

ITS MUSIC DEPARTMENT

Recognizing music as a valuable element in a liberal education Washington Seminary, Atlanta, maintains a first-class conservatory of Music—piano, voice, pipe-organ, violin, theory and harmony.

A full course in music is allowed to count as three units of the sixteen units required for graduation in the literary courses, except in the college preparatory course. Students are thus able to devote ample time to their music, receive credit for it, and not forced to take it simply as an extra.

The music faculty for the coming year includes such well-known teachers as:

Miss Marguerite Bartholomew, piano, harmony and musical literature; Miss Edna Bartholomew, piano and pipe organ; Miss Clementine Macgregor, piano; Mrs. Iverson L. Graves, piano; Miss Pearl Rivers, musical kindergarten; Mrs. Mary Lovelace Hurt, voice; Georg Fr. Linder, violin.

I WEIGH MORE THAN I EVER DID IN MY LIFE, SAYS CAR INSPECTOR

Roberson Says He Was So Nervous Bumping of Cars Started Him—Had Rheumatism So Bad Could Hardly Raise Hand to His Head.

"It's the honest truth, I weigh more than I ever did in my life, I feel better than I have in seven years and I have just finished my third bottle of Tanlac," was the statement made by Will Roberson, living at 37 Edwards street, to the Tanlac representative in Jacobs' Pharmacy last Wednesday. Mr. Roberson has been car inspector for the Southern railroad for a number of years. He is not only well known in railroad circles, but has many friends throughout the city.

"My troubles," continued Mr. Roberson, "were rheumatism, stomach trouble and nervousness, and for seven long years I was a constant sufferer without being able to get any relief until I began taking Tanlac. The rheumatism in my right arm was so bad at times I couldn't raise my hand up to my head, and my legs were so tied up and hurt me so, especially in bad weather, I couldn't walk. My back hurt me dreadfully, too, and at times when I would get down on my knees to inspect a car an awful pain would nab me in the back or my joints and I couldn't get up without help. My appetite was so no account I couldn't get anything to suit my taste. I couldn't eat butter or any kind of meats at all. In fact, I could eat but very little of anything and I lost weight and became very weak. My nervous system was almost a wreck. Even to the coaches bumping together and other noises I'm used to hearing, would cause me to jump like I was shot. I couldn't sleep sound and would fidget around and dream all night and feel so worn-out and lifeless in the mornings I could hardly get out of bed.

"Yes, sir, three bottles of Tanlac have done for me what I tried for seven years to get other medicines to do. I weigh more than I ever have and I'm in fine shape. All signs of the rheumatism have left me and my arms and legs are as limber as when I was a boy. I can stoop about and climb around over the cars and do my work without feeling a pain. My appetite is simply fine and I can eat anything I want. My nerves are as quiet as a lamb and I can sleep all night without turning over. I'm in better condition in every way than I've been in years and Tanlac did it."

The public is warned against buying Tanlac from any dealer excepting duly authorized agents.

Genuine Tanlac is sold in Atlanta exclusively by Jacobs' Pharmacy and bears the name of G. F. Willis and the Cooper Medicine Company. There is a Tanlac dealer in every town.—(adv.)

JOHN B. HUTCHESON
For Court of Appeals

To the People of Georgia:

I have today qualified as a candidate for nomination as judge of the Georgia court of appeals, at the primary election to be held on September 12, 1916.

I am not opposing either of the present incumbents who are offering for re-election, but am offering for one of the three additional positions created by the recent session of the Georgia legislature.

On account of the brief period intervening between my announcement and the date of the election, I will be unable to personally see or communicate with the voters of the state, and therefore take this method of inviting them to investigate my record as lawyer and citizen, and from this record to determine for themselves my qualifications for the position. Respectfully,

JOHN B. HUTCHESON.

Large Number of Winners in Primary of Thursday Have Never Before Figured in Local Politics.

While a number of the present members of council will hold over during next year and will begin their first service under the leadership of Asa G. Candler as mayor on January 1, 1917, there will be a number of new faces present.

Councilman W. H. Johnson, who was re-elected to council from the fifth ward, is a labor man. He is a contractor and enjoys a good patronage. He is well and prominently known to the people of his section.

James R. Nutting, named councilman from the sixth ward without opposition, is well-known in the local political circles. He has served several terms both in council and the aldermanic board. He is an insurance man.

W. R. Bean, council member from the seventh ward, has never figured in local politics. He is a member of the firm of Bean & Magill, printers. He is prominently known to a large number of people.

SPOT COTTON SOLD OVER 15C THURSDAY

One Large Consignment Changes Hands at Highest Price Paid in Years—Official Market Shows New Gain of Twenty Points.

Atlanta spot cotton sold for more than 15 cents Thursday. More than 1,000 bales of Atlanta spot cotton, mixed grade, changed hands in this city yesterday at a 15⅛ cents basis. This is the highest point this staple has reached since 1911, and it promises to be the forerunner of an advance beyond the expectations of the local dealers who, earlier in the week, predicted 15-cent cotton by Saturday.

The official close for the day was 14.90, which is in itself a new high record and is 20 points in advance of the close Wednesday.

In Savannah good middling, which is the same as Atlanta 4s, sold at 15 cents per pound.

The gain in Atlanta spot cotton, based on the figures of the sale as stated, amounts to a little more than $2.10 per bale.

New York spot cotton closed at 15.20, showing a gain of 10 points above the market Wednesday. In New Orleans the gain on the same class of cotton was 12 points, the market at that place closing at 14.75.

The rise in futures in New York was correspondingly as great. October, in New York, closed at 15.09, netting a 19-point advance. October delivery in New Orleans showed a greater gain than that of New York when the market closed at 14.85, registering a gain of 21 points.

In Liverpool October-November cotton closed at 9.10½, with a gain of 27 points, or 54 American points.

New York for December closed at 15.25, January 15.28, March 15.39, May and July 15.59.

Continued buying by bulls, a great increase in speculative demand and the drought in Texas are said to be the cause of the general advance. A continued advance, though probably not so heroic, is predicted for the general market.

The local market closed strong with 19,762 bales on hand.

Transport Off Bar.

New Orleans, August 24.—The transport Hancock, which grounded on a bar at the mouth of the Mississippi last night, was floated early today and proceeded on her voyage to Tampico, according to the commandant of the local naval station. The damage to the transport was of no consequence, the commander reported.

warmest thanks. I trust that I shall not disappoint your expectations.

PRIVATES GIVE BLOOD . TO SAVE SOLDIER'S LIFE

Montgomery, Ala., August 24.—Two members of the Alabama hospital corps, Privates Gray and Smithson, today gave their blood in order that the life might be saved of a soldier whom they did not know. A private in one of the Mobile companies accidentally shot himself, and in an unconcious condition was rushed to a local hospital. A small artery had been cut and an immediate transfusion operation was necessary. The two members of the hospital corps who had accompanied the injured man volunteered and it is believed that his life will be saved. The injured man is C. P. Sinnot, of Birmingham.

Bilious, Constipated, Run-Down?

A Wineglassful of Tollo Water Will Wash Out the Bile and Relieve Your Constipation in Half an Hour

Our present mode of living makes bad livers. Living indoors and eating rich food puts more work on the liver than it can do. The bile tubes become choked and force the bile back into the system, causing gas, heartburn, coated tongue, constipation, dizziness, nervousness, headache and stomach trouble.

A third of a tumbler of Tollo Water taken in a glass of plain water before breakfast gives quickest relief. The natural properties of this water stimulate the liver to greater activity, which relieves your constipation without sickening, nauseating or weakening effects produced by strong drugs.

It really gives the liver a bath and expels the waste and sour bile from the system in just a few minutes.

Get a 15-cent bottle from your druggist and take a little each morning for a few days. After you have thoroughly cleaned the bile from the system an occasional wineglassful of Tollo Water before breakfast will keep you feeling fine. You can eat what you like without suffering; your complexion will stay pink and healthy; those dull, tired days will be gone forever.

Dawson Springs, the home of Tollo Water, has been a famous health resort for years. It was through the desire of those who have visited the springs and regained their health that Tollo Water has been concentrated and put on sale at drug stores.

Misses' Dix-Make Uniforms $1.50

This gives notice that some seventy-five Dix-Make Uniforms, of white linene, that were $2.25 and $3.00, will be cleared away at $1.50. The reason is they are soiled a bit.

They Were $1.00, $1.25 and $1.50

The gowns are of flesh batiste, white nainsook and muslin—those of muslin have high and V-necks, the others low, round necks and short sleeves; lace edges, embroidery edges and insertions and tucks make them dainty—they are reduced because most of them are crumpled or soiled somewhat from handling.

The Teddy bears are of flesh batiste; camisole tops finished with laces and ribbons—fillet and Valenciennes laces—top and bottom. Full lengths, full widths.

Just Arrived and Very Graceful Corsets at $1.00, $1.50 and $2.00

They are the new models of Thompson's Glove Fitting Corsets.

BASEBALL STARS HERE

New Recruiting Official Played on Champ Nine.

Of seven new recruits who have recently reported for duty at the southern recruiting division headquarters of the United States marine corps in Atlanta, six are star baseball players of the Washington marine corps team, champions in the government league for 1916.

"There must be a theory in Washington that good baseball players make good recruiters," says Lieutenant Calvocoresses, United States marine corps recruiting officer in this district. "The theory sounds plausible, as both recruiting and baseball are real games, and the new recruiters are going at their tasks with the spirit that wins."

Greensboro's First Bale.

Greensboro, Ga., August 24.—(Special.)—Greensboro received its first bale of new cotton today. It was brought in by W. H. Bates, and sold for 15 cents per pound to the McCommons-Thompson-Boswell company.

DANCING STARS WILL BE FEATURE OF FORSYTH BILL

Newest of big Terpsichorean offerings, "The World Dancers," starring Emilie Lea and Tom Dingle and a notable cast of dancers, is announced by Manager George H. Hickman as headline feature of next week's Keith vaudeville bill at the Forsyth. This act comes direct from Keith's Palace theater in New York, where it had its debut.

"The World Dancers" is easily one of the biggest of the new vaudeville offerings. It is presented by a company of sixteen accomplished artists. "Variety," the big New York stage paper, gave the offering the following review when it opened at the Palace:

"May Tully has assembled a formidable array of dancers for a "stepping" turn that is sure of a favorable reception in any vaudeville house in the world.

Evolution of the Dance.

"It is supposed to depict the evolution of the dance. A dainty miss in the character of Terpsichore comes before the curtains and in a little versification and ballet dancing announces the idea and introduces the various artists in the order of their appearance.

"Then appears James Templeton as a prehistoric barbarian made up as the God of War. His contribution is a combination of acrobatics and dancing.

"Next appears Doris Lloyd in Oriental garb, visualizing "The Flesh Pots of Egypt," with a sensuous dance. This in turn is succeeded by Jay Stowittz, assisted Moskovnla and Mae Jennings, announced as "The Grecian Classic Age," to denote the age of simplicity. The fourth is the 'Cossack,' interpreted by Charles Adler in a wild Russian dance. The Renaissance period followed, handled by Bert Crosman and Lucile, offering a dainty minuet. Ethiopia next occupied the sake in the person of Frank Goldie, blacked up, doing a soft shoe turn.

"The Age of Syncopation' served to introduce Emilie Lea and Tom Dingle with their effective loose dancing specialty and high kicking. For the 'eighth period' the dancers of the various ages became acquainted with 'Syncopation' and the Hawaiian craze, and join with Lea and Dingle in a fast ensemble finish.

PRAISE RECRUITING HERE.

Naval Head Commends Atlanta Recruiting Officers.

Naval enlisting in the Atlanta district, Lieutenant Cooper, United States navy, in charge, was commended in a report of Captain R. K. Crank, United States navy, who supervises recruiting. The report reads:

"It appears from past reports of the substations under Atlanta that at least one-half of the enlistments were obtained from outlying cities and towns. The total of enlistments during the past several weeks by the Atlanta group indicates a proper activity on the part of the office force."

The report compares enlistments for the week of August 12, and Atlanta stands third on the list. New York city has 22, Dallas, Texas, 21, and Atlanta 20 first enlistments.

OLD VETERAN KILLED BY LIGHTNING BOLT

Greenville, S. C., August 24.—L. Whitfield Bridges, a Confederate veteran, aged 72, was instantly killed by lightning near here today. His nephew, John Bridges, was hurt by the bolt, which passed through the roof of a small cotton house in which they had sought refuge from rain.

Masterpiece Paintings Exhibited at the Strand Today

The list of pictures for sixth exhibition under auspices of the Atlanta Art association at the Strand theater today is:

"Viola," Leighton; "The Blue Boy," Gainsborough; "Sunset," B. W. Leader; "Stafford Children Dancing," Romney; "The Spinner," Maes; "The Annunciation," Van Eyck; "Rubens and Van Dyck," Van Dyck; "Madonna and Child," Rubens; "Flight Into Egypt," Van Dyck; "Three Portraits," Sargent Kendall; "Water Lily," Walter Crane; "Portrait of Artist's Mother," Whistler; "A Study," William M. Chase; "Pope Leo XIII.," Chartran; "Alata Borne to the Tomb," A. L. Girodet; "Planting Potatoes," Millet; "A Gale of Wind," Corot; "Philip the Fourth," Velasquez; "Journey of the Magi," Gozzoli; "Madonna Dell Arpir," Del Sarto; "Pallas Athene," Botticelli; "Presentation of the Virgin," Tintovetto; "Madonna of the Rose," Luini; "Sacred and Profape Love," Titian.

Of a group of paintings to be shown today Mrs. Walter Howard writes:

"One of the paintings to be represented at the Strand this afternoon and evening, will be the little known work of the great Dutch painter Nicholas Maes, born in Holland 1632 and died in Amsterdam 1693.

"Maes was a pupil of the dominating Rembrandt, yet he had a decided mind and individuality that would not stand in obeyance, his subjects, his sentiment and feeling are Maes's very own. He painted many portraits, but his heart was not in it and they constitute his poorest work.

"'The Spinner,' which is to be shown Friday is in Amsterdam and shows the masterly artist at his wonderful best. It is a Dutch interior of which the subject, the composition, the bent shoulders, the head and the cramped hand, especially the hand, are absolutely inspired.

"It is the poetry of peasantry. The sharp lights, the intense shadows and the red are Italian characteristics, but the subject is Dutch.

"The antipodes of this Dutch masterpiece will be shown the same afternoon and evening—the famous Pallas Athena by Botticelli, which is in the Pitti Palace in Florence, where it had been hidden behind a door for many years, until found by an expert in 1895.

"It is Botticelli at his most perfect Italian self and shows a lovely Pallas crowned with leaves, wearing diaphonous white draperies on which are embroidered the joined rings of the Medici family. The heavy waves of hair and the perfect features could have been painted by no other hand than Botticelli's.

"Pallas leads without effort a cowed and unresisting Satyr holding lightly a lock of his thick hair with her perfect fingers."

AMUSEMENTS

Keith Vaudeville.

(At the Forsyth.)

Tuneful music, fine comedy and especially elegant settings characterize the operetta, "Ma'amzelle Caprice," which stars Amelia Stone and Armand Kaliez as headline feature of this week's Keith vaudeville bill at the Forsyth. The lyrics and music for the opretta are by Mr. Kaliez, while the book is by Edgar Allan Woolf.

Other diverting features include Felix Adler, one of the most popular comedians of the year; the Kramers, novelty gymnasts; Mullen and Rogers in songs and dances; George Rolland and company in a new comedy turn, "The Vacuum Cleaners;" Jame Silver and Helen Duval as "the city girl and the rube," and the Larneds, in "Nonsense on Wheels."

Vaudeville.

(At the Piedmont.)

Have you seen June Dixon's living models at the Piedmont theater? This is an act that slipped into Atlanta unheraided and is now being highly praised by all those who have seen it. It is sharing the honors at the matinee and night performances with Rapoli, the heavyweight juggler, and little Violet Stroud, the tiniest member of the Stroud trio. Tod Hardcastle, the popular manager of the Piedmont, has outdone himself in an effort to give Atlanta the best sort of attractions at the lowest prices. Billie Burke and Arthur Hoops are appearing in two excellent screen successes, "The Floating Trap," and "The Devil's Prayer Book," respectively.

Farnum and Bushman.

(At the Georgian.)

Dustin Farnum in the Paramount production, "Ben Blair," and Francis Bushman in "The Masked Wrestler," the exceptional double bill offered at the Georgian theater today. Mr. Farnum appears in a play of action aplenty, a theme that will hold and thrill and unusual in its skillful contrasts of life on the prairie and on Broadway.

Mr. Bushman in "The Masked Wrestler," is the usual finished actor of heroic parts.

On Saturday the management presents Marguerite Cuark in her charming and delightful success, "Seven Sisters," and as an extra attraction, Charlie Chaplin in his greatest comedy, "The Tramp."

"Lieut. Danny, U. S. A."

(At the Criterion.)

A vivid picture of Old Mexico is transcribed with remarkable fidelity in "Lieutenant Danny, N. S. A.," the new Triangle Ince offering at the Criterion today and Saturday. It is featured by clever work by the two popular Triangle stars, Enid Markey and William Desmond and a fine supporting cast. "Lieutenant Danny" shows the Mexico of war time, unchanged as to its outwardly tranquil beauty, but seething with hair-raising happenings of the sort unfortunately too frequent in the news from the border. Many of the scenes were actually made in Mexico and the reproductions of charming old Mexican interiors are not only accurate to the life, but filled with authentic Mexican objects.

"Judith of Bethulia."

(At the Alpha.)

Blanche Sweet, Lillian Gish, Mae Marsh and Henry B. Walthall, all in the heyday of their careers, are starred in "Judith of Bethulia" at the Alpha today. The picture is one of the excellent reissue films which have been so popular with Atlanta movie fans. The opportunity of seeing this quartette of stars in the same picture is not found in present day releases. No producer can afford to get them all together, if indeed they would agree to it themselves. But here is a picture in which they can be seen while they were climbing the ladder of success rung by rung.

Ella Hall.

(At the Strand.)

In addition to the usual Friday exhibition of reproductions of the world's greatest pictures at the Strand theater today, Manager B. Lee Smith has provided Ella Hall, the dainty little screen star, in one of the latest Bluebird photo-plays, "The Crippled Hand." The story, which is cleverly told and well acted, centers around a pianist who has his hand slashed by an infuriated woman, and also around a girl, whose life is that of a modern Cinderella. Her dreary little life experience, however, brings love and happiness to all concerned in making the story interesting. Anyone who enjoys a romance with a happy ending will find this picture well worth while.

Jack London's Adventures.

(At the Grand.)

Jack London's South Sea Island Adventures, one of the most complete motion picture productions of its kind the camera has ever caught, will be shown at the Grand theater for entire week, the run of the film beginning Monday morning at 10 o'clock. This is an attraction that is educational, amusing and thrilling and has been booked at some of the largest houses in the country, but has never before been presented in this section of the south. The details of London's experience in his cruise on the "Smark" make screen scenes which are compelling and in offering this spectacle the management of the Grand is doing something which is entirely in keeping with its policy—big pictures that are "different." The London production was recently seen in Chicago at $1, but on account of the immense seating capacity of the Grand the release will be offered in Atlanta at a very low scale of prices.

"Race Suicide."

(At the Grand.)

"Race Suicide" is attracting big crowds to the Grand because "Race Suicide" is a real photo-play. The picture-going people in Atlanta have become convinced that the six-reel spectacle which is now on view at this theater is something that is exceptional.

Ormi Hawley, rarely beautiful, is taking the leading role in the film. She is supported by Earl Metcalfe and a number of players of prominence. "Race Suicide" is a historical treat, showing life in the primal ages when brute strength triumphed over love and when man won his mate by the muscles in his arm.

40 COMMERCIAL NOTARIES

State Librarian Has Granted Many Applications.

Mrs. M. B. Cobb, state librarian, announced Thursday that she had already commissioned forty commercial notaries with state-wide functions, and that she was receiving additional applications in almost every mail. Of those five have been women. They are Miss Carrie L. Dailey, assistant librarian; Mrs. Louise Bigby Marsh, state senate stenographer, and Mrs. Minnie Hale, recently admitted to the bar, all of Atlanta, and Mrs. A. L. Supplee, of Eatonton.

Under the new law, which has been in effect less than a week, the state librarian is authorized to appoint and commission notaries public who can witness papers anywhere in the state. The fact that so many have already applied has convinced Mrs. Cobb that the law has filled a keenly felt want.

CONFEDERATE VETS FLOCK TO AMERICUS

Actual Registration Points to Greatest Attendance in the Eighteen Years of Organization—Governor Harris Responds to Welcome.

Americus, Ga., August 24.—(Special.) At their own request over 700 confederate veterans will view the National cemetery at Andersonville between 8 and 10 o'clock Friday morning. The feature was not included in the program, but a spontaneous desire to view the famous spot of the Andersonville prison caused the entertainment committee to arrange for 150 automobiles. E. F. Brimberry, of Albany, is acting adjutant general for Mayor Bridges Smith, of Macon, who is detained by illness. Actual registration of veterans shows this to be the largest since the organization eighteen years ago.

Over 700 veterans of the war between the states are in Americus attending the eighteenth annual reunion of the Georgia division of the United Confederate Veterans. More than one hundred official ladies are the guests of the A. S. Cutts camp, Sons of Veterans, and the Daughters of the Confederacy.

The excessive heat has not deterred the ardor and movements of the veterans, although extraordinary precautions have been taken by the authorities when the grand parade begins to move at 10:30 Friday morning.

The reunion now being held is conceded to be the largest in recent years, and every section of the state is represented with the majority of veterans displaying the insignias which mark their regiments and brigades during the sixties.

Mayor Bridges Smith, of Macon, adjutant general to Commander Henry T. Davenport, of Americus, who heads the Georgia division, is ill and unable to attend the meetings here. Many expressions of regret have been heard by the gray warriors.

Among the prominent Georgians who are here for the reunion are Governor Nat E. Harris, who responded to the addresses of welcome; Secretary of State Phil Cook, Pension Commissioner John W. Lindsey, General John W. Clarke of Augusta, General George P. Harrison, commander in chief of the United Confederate Veterans, from Opelika, Ala., and Major Martin V. Calvin of Waycross.

Ball Tendered Delegates.

A pretty feature of tonight was the ball in the Rylander building attended by a large number of veterans, with many taking part in the dancing. The grand march was led by Commander Davenport and Mrs. Frank P. Harrold, president of the Americus chapter of the United Daughters of the Confederacy.

The evening session was enjoyed with an address by Miss Mildred Rutherford, historian general of the U. D. C. At 5:30 o'clock a reception was tendered the official ladies by the Americus U. D. C. chapter at the Windsor hotel.

This afternoon at 4 o'clock addresses were delivered by Colonel W. B. Burroughs of Brunswick and Major Martin V. Calvin of Waycross.

The opening session was called to order by Commander Davenport, with prayer by Lieutenant Colonel Lansing Burrows of Americus, formerly pastor of the First Baptist church and president of the Southern Baptist convention.

The addresses of welcome were delivered by M. B. Council, for the veterans; Thomas O. Marshall, for the city; E. A. Nisbet, for the Sons of Veterans, and Mrs. Frank P. Harrold, for the U. D. C.

Lucien Knight Makes Address.

Lucien Lamar Knight, state historian, of Atlanta, delivered an eloquent address at the morning session, which was heard with intense interest by thousands forming the audience.

Friday morning's program will be consumed by the grand parade, with every automobile decorated. A barbecue will be given at noon at the barbecue grounds.

The greater portion of the program for Friday is given over to the business sessions of the veterans when officers will be elected and the next place of meeting chosen.

The grand climax of the reunion will come Friday night with the Sons of Veterans' ball in the Rylander building, when many of the veterans are expected to join the sons, who are the hosts, in the evening dancing.

Every business house in the city, with three miles of street decorations, form a pretty galaxy of Stars and Bars among the Stars and Stripes which are waving their greetings to the veterans.

George's Wife Granted Alimony.

Macon, Ga., August 24.—(Special.)—Judge H. A. Mathews, in the Bibb superior court today, granted Mrs. J. A. George alimony from her husband, Dr. J. A. George, of Cochran, Bleckley county, in the sum of $40. The hearing was held before Judge Mathews because of the absence of Judge Graham from his circuit.

Dr. George is a prominent physician of Cochran. His wife in her suit for divorce charges him with cruelty and in his answer Dr. George makes counter charges of cruelty against his wife. Mrs. George has already been granted a first verdict.

STATE FIRE MARSHAL HOME AFTER PROBE OF BOURNE ATTACK

Captain W. R. Joyner, state fire marshal, returned yesterday from Waycross, where he has for several days been investigating the burning of the home and two barns of County Superintendent of Schools J. R. Bourne, eight and a half miles from Waycross, on the night of the 18th. Mr. Bourne, it was stated at the time of the fire, returned to his home about 10:30 o'clock, and was attacked as he stepped on his front porch by three unknown men. He was shot in the leg and slightly injured about the head.

Sheriff Pittman sent hounds to the Bourne place in an effort to trace the men who attacked Mr. Bourne, but, Captain Joyner says, the dogs failed to take a trail.

The residence and two barns were burned, the house having been insured for $5,850, exclusive of the insurance on the furniture and barns.

Captain Joyner declined to discuss the case, except to say that he expects in a few days some surprising and rather sensational developments. The county authorities are still at work on the case, and Captain Joyner will go back to Ware county Monday.

RECORDER HELPS BOY

Gives Ohio Youth Dollar Instead of Fine.

Ed Cline, from Ohio, will doubtless always have a good word to say for Atlanta, and especially Atlanta's police recorder. Cline was arraigned Thursday afternoon for loitering, and it developed that he had filled out papers to join the navy and was awaiting their return from Ohio. He said that he was without money or place to stay, and Judge Johnson was so touched with his story that he gave Cline a dollar bill to tide him over a day or so.

DORSEY GREETED BY GREAT CROWDS

Candidate for Governor Is Given Ovations on Thursday by Voters of Twiggs and Wilkinson Counties.

By Britt Craig.

Jeffersonville, Ga., August 24.—(Special.)—Hundreds of men in Twiggs and Wilkinson counties who stated that they had been withholding decision as to their choice in the gubernatorial race until they had heard Hugh Dorsey, pressed through two enormous crowds today and took the hand of Mr. Dorsey to tell him that their votes would go for him.

The reception Dorsey received in Jeffersonville, the county site of Twiggs, and Irwinton, in Wilkinson county, will be the talk of the two communities for years to come. The Jeffersonville courthouse was packed and jammed long before the speaker appeared. A great outburst of applause greeted his appearance. His speech was frequently halted for minutes by the applause.

Irwinton turned out its record-breaking audience. Dorsey was introduced by George Carswell, who, despite the fact he has promised his vote to an opponent, acknowledged the advisability of Dorsey's election, presenting the speaker with words of glowing tribute. Dr. A. J. Wood served in a similar capacity in Twiggs, assuring Dorsey that not only Twiggs, but adjoining counties, would go for him by a great majority.

Scores of voters from Bibb county motored to Jeffersonville to hear Dorsey. There was also a goodly crowd from Baldwin at Irwinton in the morning, among them being Dr. E. A. Tigner. Both towns pronounce the audiences the largest that have gathered to hear political addresses in either place in at least ten years.

Dorsey was particularly impressed by the number of votes he was informed he won in both Irwinton and Jeffersonville. A great number of men after each speech presented themselves to tell of how they had either been converted to Dorsey's ranks, or had been inclined to definite decision to cast Dorsey votes.

GET ON THE WAGON, NOT UNDER IT, IS RECORDER'S ADVICE

Charles Morris, a plumber from Augusta, now residing at 72 Spring street, found himself on the wrong side of the water wagon Wednesday night. Having taken on about all the blind tiger whisky that he could carry, he was overtaken by one of the city water wagons, and when the officers found him he was pretty thoroughly drenched. Judge Johnson advised Morris next time to get on the wagon.

With an Umbrella Rib, Prisoners Saw Out of Lowndes County Jail

Valdosta, Ga., August 24.—(Special.) Four negro prisoners made their escape from Lowndes county's new jail last night by sawing their way through the armor plate walls with a piece of steel umbrella rib. The structure is supposed to be of the most modern construction, but by dint of hard work with a home-made saw the men gained their liberty. None of them have been caught.

COUPLE WEDS IN HURRY IN MUNICIPAL COURT

They had just left one train, and were in a hurry to catch another. They were married by Judge E. D. Thomas, of the municipal court, and the couple hurried away without disclosing further information.

AUTO THIEVES STEAL THREE MORE MACHINES

Despite the fact that it was made a felony to steal an automobile by the last legislature, automobile thiefts continue, the police docket for yesterday containing notice of three cars having been stolen Wednesday night and Thursday.

ATLANTA HAS ANSWERED.

Atlanta has answered in yesterday's remarkable primary election the question of her neighbors: "Municipally you are losing out. What are you going to do about it?"

Atlanta has answered in that primary a question her own people have been asking: "How long must we contend with municipal inefficiency and inadequate institutions?"

Atlanta has answered, too, the question arising from the great public conscience: "We as a city are on the wrong track. When and how are we going to stop and turn about?"

That answer is the nomination, equivalent to election, by emphatic and overwhelming vote, of Asa G. Candler as Atlanta's next mayor.

Anticipated, forecast though it was, it was none the less a remarkable and gratifying victory.

In those unprecedented figures Atlanta has told her neighbors, has told the world, that she stands upon the threshold of municipal regeneration; that her people propose to be repressed no longer by life-sapping political tentacles; that she proposes to get out from under the crushing weight of inefficient administration that has held her back, and expand and grow into that municipal usefulness and greatness of which she is so easily capable.

In those figures Atlanta has told her own people and herself—her great mass of good citizens—that she proposes to live up to her good name; that it is her purpose to meet her debts and obligations; that her schools shall be made to accommodate all her children crying aloud for educational advantages; that her every institution shall be built and strengthened to afford that degree of public service and public protection commensurate with the needs and requirements of a great and growing city.

In the election of Asa G. Candler Atlanta has not only answered her critics, but she has satisfied and measured up to the expectations of her friends.

There is only one thing that could have made it a greater and a more significant day for Atlanta, and that was complete unanimity of her people centered in the purpose to name this man, and without dissenting voice.

But perhaps, after all, the opposition, weakened as it was from the standpoint of comparative merit and by indulgence in a campaign of abuse and slander, will prove a blessing in disguise. Perhaps it will make the many Atlantans who are solicitous of their city's welfare lay aside their too frequent indifference and labor the harder for community upbuilding and advancement. Perhaps, too, it will bring many of those who honestly but unwisely allied themselves with the opposition to their city's better interests, to a keener and stronger appreciation of its possibilities under able and capable business administration, and the development of its institutions to that high standard necessary to respond everywhere to the service demanded of them.

All of these things and more are coming under the administration of Mr. Candler—an administration for Atlanta, for all Atlanta, for the benefit and betterment of every citizen and the uplift of every home regardless of its sympathies or where it stood in this campaign.

It was not a set of voters that put Mr. Candler in the mayor's chair; it was not a faction, nor an interest, nor a set of interests. It was Atlanta herself, and he is going there with the determined purpose to make her greater and bigger and better than she has ever been before.

If he does that, and we have full confidence that, supported by the effort and good will of all her people, he will do it, he will have rendered a public service that shall merit the everlasting thanks and gratitude of her more than 200,000 people.

Now that it is over, let's all get together and pull together for Atlanta. Let's revive the old "Atlanta spirit" and make it part and parcel of every individual effort.

If we do this, we shall not only build again toward the goal of our ambition, but we shall reach it—Atlanta the first and foremost city of the south!

WILSON WINS AGAIN.

President Wilson has achieved another far-reaching victory in the interest of peace, this time of industial peace, in the now practically certain aversion of a railroad strike which would have brought business chaos, community distress and personal suffering to almost every section of the United States.

He has convinced the railroad officials that they must accept his proposal of an eight-hour day for their employees and begin the arbitration at that point in order to avoid a strike.

Neither President Wilson's master diplomacy in keeping us out of war with Germany and solving the Mexican problem which threatened a long and bloody campaign upon an arbitration basis, is more to his credit than this last master stroke in averting the havoc that would have reached into the remotest country home, if the 400,000 railway trainmen had gone on a strike and traffic the nation over had been tied up.

The railroad crisis and the part which the president has played in it gives further insight into the character of this remarkable man. His high ideals, his exalted sense of duty to the public, and, withal, the liberal attitude he has assumed in public affairs are brought again to the forefront. But more than anything else, there is emphasized the fact that Woodrow Wilson not only never declines a fight, if it is forced upon him, but he stands ready to go full-fledged into the encounter himself, if the public interest demands it.

President Wilson's administration has been a succession of contests and encounters; in its history it differs little from the struggle he had as the university professor in building up Princeton. If his opponents only realized it, they would see that their attempted derision in proclaiming him as the "university professor" is in reality a badge of honor. Mr. Wilson has been ever ready to fight, if it were necessary to fight; but he has realized that where fighting was an easy matter it was far more difficult as well as more desirable to keep the peace.

In connection with the railroad crisis Mr. Wilson might have allowed events to take their course without his interference. There was really no legal basis upon which he might intervene. But direct negotiations had failed, the board of mediation had proven itself powerless, and the United States stood face to face with the gravest and most serious problem that has come upon it since the civil war. It was the rights, the comfort and the well-being of the people of the whole country that were at stake; and it was solely in the role of defender of the public welfare that President Wilson took hold of the reins and in a firm but quiet way laid down his ultimatum.

Seeing at the outset that settlement demanded concessions from both sides, he secured them first from the labor organizations, then went to the railroads with his proposal. For several days they stood out against him, but seeing that public approval and public sympathy were with the president, they could resist no longer. They have come over to his viewpoint and the aversion of the great strike is now a practical certainty.

Woodrow Wilson has kept us out of war with Germany. He has kept us out of war with Mexico. He has averted what would have been a still greater calamity, the tying up of all railroad traffic in the United States. He has done all these things without the subversion of a single principle of honor, fairness or good faith. He has won and is fairly entitled to the distinction of the greatest of modern presidents of the United States. No champion of public rights has arisen to guard their interests more jealously, or fought for them more zealously. None has so nearly justified the nation's confidence in his high moral purpose or his ability and willingness to fight, if occasion demands it, but first to go to the limit in the effort to preserve peace and prosperity in the country.

He has won and well deserves the title conferred upon him by The Springfield Republican of "the aggressive champion of the public interests."

As Editor Watterson sees it, in The Courier-Journal: "A patriot says that everyone should know, and sing, the national anthem. War is hell, but it would be a picnic compared with universal singing regardless of vocal fitness."

What a great country it would be if all who "know how to run it" would hit a few hard licks for its upbuilding!

There is high cause for gratitude, even though it isn't the hottest summer we have had to thank God for.

The paper shortage is a blessing in Mexico, for they won't have to issue any more cheap money.

JUST From GEORGIA By FRANK L. STANTON.

Fellers on the Highway.

I.

Fellers on the highway,—
Room enough to roam!
Don't be over-anxious:—
We're all a-goin' home!
Dawntime and darktime,
Any kind o' weather,
Still we fare with cross and care—
Goin' home together!

II.

Fellers on the highway,—
Honey in the comb.
Or where the dews drip bitter,
We're all a-goin' home!
Hand-in-hand, right hearty,—
Joy will slip his tether,
But still we fare with cross and care,
Goin' home together!

III.

Fellers on the highway,—
'Neath a starry dome,
In the dust and daisies
We'll all dream dreams of home.
When the way is traveled
We'll dream of pleasant weather;
But still we fare with cross and care
Till we dream together.

The Wise Virgin.

Arrayed in festal robes I stand,
A burning lamp within my hand.
Sister, without, who crouchest there,
Thy lamp is lighted with despair!

Her maids have decked the bride withal,
And slow she cometh down the hall;
Her arms are wound with jacinth rare,
And topaz stars her night-black hair,
While softly glow upon her breast
White Orient pearls and amethyst.
The bridegroom smiles in splendor near;
The harp and lute and timbrel sound—
But thou, who weepest on the ground,
Without the door—thou canst not hear!

The wine is poured, the feast is spread,
The music clasheth overhead;
With laughter high the chamber ring,
And costly fruits the slave girls bring.
But thou, oppressed by shame and fears,
Thy bread is dust, they vintage tears!

Oh, foolish virgin unprepared!
Poor head to scorn and sorrow bared,
Bright head that now is low in grief,
I could have given thee relief,
An unlit lamp, thine only sin!
Thy sin? Nay, mine, who stand within!

County Board Refuses Requests to Provide Wagons for Children

At the meeting of the Fulton county board of education yesterday morning several petitioners were present asking that the board provide school wagons to pass through certain county highways, picking up school children along the way. But no school wagon will be run, the board believing them to be unnecessary because the schools are within easy reach of the pupils, and the $3,000 or $4,000 per year which would be spent for such wagons could be used to better advantage elsewhere.

The Fulton county schools will open on Friday, September 8, when book lists will be given out to all regularly promoted pupils. At this time all pupils who failed of promotion and new applicants will be examined. On the following Monday, September 11, the schools will be opened for regular work.

On Thursday, September 7, all teachers will meet in the auditorium of the courthouse for faculty meetings and further instruction.

Tuition in the High school for non-residents was placed at $5 per month, payable in advance. Two dollars was the price fixed in the grammar schools to be paid in advance also. The board decided that none but a genuine resident of Fulton county, whether owning property in the county or not, or whether he pays tuition or not, shall be admitted as a resident pupil.

A delegation from Peachtree Heights school was received, and yielding to their request, the board decided to begin at once on the construction of the new school building.

No More "Dodging" Regular Jury Service In County of DeKalb

Jury service "eligibles" in DeKalb county are crossing their fingers, looking at the moon over their right shoulders and doing many other things which, according to the old negro legends are "calculated" to bring good luck—or, putting it negatively, to keep off bad luck.

The reason for the strange action is the decision recently reached by the jury commissioners of the said county in which they state they have become ready to forever and ever do away with jury "dodging." According to the commissioners, much of the best jury "talent" of the county was successfully avoiding doing duty and it must stop.

The commission is composed of C. A. Mathews, of Decatur; Dave Wallace, of Chamblee; John Wright, of East Atlanta; Will Tuggle, of Stone Mountain; Dan Johnson, of Druid Hills, and C. A. Rankin, of Lithonia.

Arbitration Is Urged By Atlanta Chamber

President V. H. Kriegshaber, of the Chamber of Commerce, today sent the following telegram to President Wilson urging arbitration as a means of settling the difference between the railroad heads and their employees in the impending strike. This follows action taken yesterday by the board of directors:

Atlanta, Ga., August 24, 1916.

Woodrow Wilson, President, Washington, D. C.

The Atlanta Chamber of Commerce has put itself squarely on record favoring arbitration between employer and employee of public service corporations of all questions affecting the vital interests of the whole people of this country. In the present controversy affecting the entire fabric of the business and family life and possibly the country's welfare and safety, no private or personal interest should be allowed to overshadow the greater responsibility to the entire people, and where these interests can not mutually compose their difficulties, the principle of arbitration should be invoked and if necessary enforced by proper, responsible and fair legislation.

THE ATLANTA CHAMBER OF COMMERCE,
By V. H. Kriegshaber, President.

An Opportunity to Assist Twenty-Five Young Men

The Emory college loan fund, which was established to assist worthy young men to obtain a college education, has been completely exhausted this year by the demands made upon it.

Dr. E. F. Dempsey, who is in charge of this splendid work, states that there are still twenty-five worthy applicants, who will have to be refused unless further assistance is obtained.

Surely there can be no better or more constructive charity than this, the assistance in the developing of young manhood that will be a benefit not only to themselves, but to the nation at large.

Contributions to this end are being earnestly solicited, and full information concerning them can be obtained from Rev. E. F. Dempsey, Oxford, Ga.

Statehouse Officials Attending Reunion

A number of statehouse officials were absent from the city Thursday in attendance upon the annual reunion of confederate veterans in Americus. Two of them, Governor Harris, and Compiler of Records Lucian L Knight, had been asked to make addresses. State Treasurer W. J. Speer and Captain C. T. Furlow, of his office, both veterans, were also in attendance upon the reunion.

Captain "Tip" Harrison, of the comptroller general's office, who has always taken an enthusiastic part in the meeting of the veterans, will be greatly missed from the reunion this year. The condition of his health prevented his attendance. His friends will be glad to know that he is recovering, however, and hopes to be back at his capitol desk in the course of a week or two.

Kappa Sigma Alumni Organize Association

Kappa Sigma men of Atlanta organized the Atlanta Kappa Sigma Alumni association at a meeting at Hotel Ansley Wednesday. The officers are Dr. H. E. Stockbridge, president; Dr. E. C. Cartledge, vice president; W. D. Ferris, treasurer, and Horne Russell, secretary.

The association is making efforts to secure the grand conclave of the fraternity for Atlanta in 1917, arrangements for which will be completed at a dinner to be held at the Ansley on September 6 at 7 o'clock.

Insurance Paper Lauds P. C. McDuffie's Speech

The address of Attorney P. C. McDuffie, president of the Atlanta Ad Men's club, before the Southern Newspaper association at its last session in Asheville, N. This week's issue of Life Association News, the official organ of the National Association of Life Underwriters, contains the address in full. The editor of that publication in an editorial comment on the article, said: "Every sentence contains a punch and serves to emphasize the importance of the entire propaganda." Among other publications that have carried this article is Printers' Ink, which is circulated largely among newspaper men and advertisers.

THE DAY'S GRIST FROM THE STATE POLITICAL MILL

SIX PAY ENTRANCE FEES IN RACE FOR JUDGESHIPS

St. Elmo Massengale, secretary of the state democratic executive committee, announced Thursday that nine candidates have so far paid their entrance fees in the race for the three new judgeships created for the court of appeals bench by the session of the legislature just adjourned.

The entries for this race will close Saturday evening, August 26, at 6 o'clock. The fee is $125 and is payable to Mr. Massengale, and should reach his hands at his office in the Candler building, Atlanta, by the hour of closing.

Those who have paid their entrance fees so far are as follows:

Roscoe Luke, Thomasville; W. F. Jenkins, Eatonton; Alex Stephens, Atlanta; L. P. Skeen, Tifton; Henry J. Fullbright, Waynesboro; John M. Graham, Marietta; John B. Hutcheson, Ashburn; A. W. Cozart, Columbus, and O. H. B. Bloodworth, Forsyth.

TEXT OF BILL WHICH CREATED THE THREE NEW JUDGESHIPS

There are so many candidates, real and prospective, for the new judgeships created for the court of appeals, and there is such a general interest in this race, that inquiries as to the bill creating these judgeships have been very numerous. In answer to these inquiries, the bill creating these new offices is herewith published in full:

AN ACT.

"To prescribe the number of judges of the court of appeals of this state, to provide for the election of such judges, to prescribe regulations for conducting the business of said court, and for other purposes.

"Section 1. Be it enacted by the general assembly that from and after the first day of January, anno domini 1917, the court of appeals of this state shall consist of six judges, of whom three shall be judges constituting the court at the time of the approval of this act and their successors in office, and three shall be elected as hereinafter prescribed. The judges shall elect one of their number as chief judge in such manner and for such time as may be prescribed by rule or order of the court. The court shall sit in divisions of three judges each, but two judges shall constitute a quorum of a division. The assignment of judges to each division shall be made by the chief judge, and the personnel of the divisions shall from time to time be changed in accordance with rules prescribed by the court. The division of which the chief judge is a member shall be known as the first division, and he shall be its presiding judge. He shall designate the presiding judge of the second division, and shall, under rules prescribed by the court, distribute the cases between the divisions in such manner as to equalize their work as far as practicable, and all criminal cases shall be assigned to one division. Each divison shall hear and determine independently of the other the cases assigned to it.

"Section 2. Be it further enacted by the authority aforesaid that the three additional judges of the court of appeals provided for in this act shall be elected at the general state election to be held on Tuesday after the first Monday in November, 1916, in the manner in which justices of the supreme court are elected. The terms of the judges so elected shall begin on the first day of January, anno domini 1917, and shall continue respectively two, four and six years, and until their successors are qualified. The persons so elected shall determine by lot which of the terms each shall have, and they shall be commissioned accordingly by the governor. All terms of the judges of the court of appeals after the expiration of the terms aforesaid (except unexpired terms) shall continue six years and until their successors are qualified.

"Section 3. Be it further enacted by the authority aforesaid, that all laws now of force relating to the court of appeals shall, so far as may be practicable and with such modifications as necessarily result from this act, apply to said court after its reorganization hereunder.

"Section 4. Be it further enacted by the authority aforesaid that all laws and parts of laws in conflict with this act be, and the same are, hereby repealed."

MASSENGALE EXPLAINS STATE CONVENTION RULES

As there appears to be some misunderstanding as to the date of the state democratic convention and Secretary St. Elmo Massengale has received many recent inquiries in reference to the same, it may be stated that the convention will be held in Macon on September 26 at 10 o'clock. Each county is entitled to twice the number of votes in the convention that it has in the Georgia house of representatives.

The following rule of the executive committee covers the duties of county committees immediately following the primary:

"On Wednesday, September 13, 1916, at noon, the democratic executive committee of each county shall meet at the courthouse in said county and declare the results as shown by the returns made by the various election managers; and the chairman of each county committee shall certify the result and transmit same to the secretary of this committee at once, except in the case of contest as hereinafter provided, insofar as said result relates to candidates for governor, and all candidates to be formally nominated by the state convention, including judges of the superior court and solicitors general, and it shall be the duty of said secretary to present said returns, with proper consolidation thereof, to the convention hereinafter called."

EMMETT R. SHAW WILL SPEAK FOR HUGH DORSEY

Emmett R. Shaw has announced that he will make two speeches Saturday in behalf of the candidacy of Hugh M. Dorsey, of Atlanta, for the governorship. These speeches will be made at Smithville, in Lee county, at 1:30 p. m., and at Leesburg at 3 o'clock.

STRAW BALLOT IN ATLANTA SHOWS STRENGTH FOR DORSEY

A straw ballot of 33 votes, taken at the Atlanta joint terminals, was presented to the headquarters of Hugh M. Dorsey Thursday showing that 27 out of the 33 were for Mr. Dorsey, and the rest were scattered. The ballot was as follows: For Dorsey, 27. For Hardman, 3. For Pottle, 2. For Harris, 1.

DORSEY LEADS STRAW VOTE TAKEN AT BUENA VISTA

Jeff Taylor, of Buena Vista, Ga., reports to Dorsey headquarters that in a public meeting there on August 23, a straw ballot was taken. The results were, for governor, Hugh Dorsey 98, Governor Nat Harris 12, Hardman 5, Joe Pottle 1, and 4 undecided, making a total of 119 votes cast.

"FORSYTH COUNTY SOLID" FOR HUGH M. DORSEY

Conditions in Forsyth county are so nearly unanimous for Hugh M. Dorsey for governor that no further clubs will be formed in that county to push his candidacy, according to news that reached Dorsey headquarters yesterday in a letter from Lewis Crow, of Route 4, Cumming. According to Mr. Crow, there is no work for the clubs to do in a political way, and, therefore, they have turned to other pursuits.

Mr. Crow wrote that he imported a fox from Kentucky "and turned it loose last night in favor of Dorsey. Eighteen hounds ran it for two hours before they caught it. Fifty-two men heard the race. It was one of the best I ever listened to. After it was over, we whirled in and organized the Hugh M. Dorsey Fox Club of Forsyth County, because it turned out when we polled the crowd that every one of the 52 was a Dorsey man straight out. I think we will have 100 members soon. We elected J. M. Bennett president, and B. Crow, secretary.

"It's not worth while to fool with Dorsey clubs in this county. Everybody's for Dorsey, and there's no work for them to do. Forsyth county is a Dorsey club."

MURRAY COUNTY UNITED FOR HUGH M. DORSEY

"The people of Murray county have big differences on many questions, but there is one point on which they stand almost as a unit," begins a news story in The Chatsworth Times of August 17. "They are practically unanimous in expressing their preference for Hugh M. Dorsey as the next governor of Georgia."

The story continued with an account of a straw ballot taken around the courthouse the preceding Tuesday afternoon, the result of which was 47 for Dorsey, 5 for Harris, 2 for Pottle and 1 for Hardman.

"Every section of the county was represented at this gathering, and reports are to the effect that the above ballot fairly represents the sentiment of all the people of the county."

T. B. Sims, of Macon, reported the following poll taken at Lilly, Dooly county, in a crowd of fifteen voters: Dorsey 14, Pottle 1.

W. V. Almand, of Conyers, reported at head headquarters in the Kimball house Wednesday that of 268 votes polled in a straw ballot at Conyers, 228 were for Dorsey.

CRISP TO CHALLENGE HUDSON TO DEBATE IN AMERICUS

Americus, Ga., August 24.—(Special.)—Congressman Charles R. Crisp has announced that he will request Thomas G. Hudson, his opponent, to meet him on the stump in Americus when he speaks here. The exact date for Crisp's speech in this city has not been set, and it is not known whether Mr. Hudson will accede to the challenge.

At one time both candidates signified their willingness to meet each other, but nothing has been mentioned until Judge Crisp's statement today.

Mr. Hudson has recovered from his illness and will deliver a speech at Vienna, in Dooly county, on Saturday.

FOUR CANDIDATES RUNNING IN NEW JUDICIAL CIRCUIT

Tifton, Ga., August 24.—(Special.)—There are two candidates for each of the offices created when the last session of the general assembly established the Tifton judicial circuit, embracing the counties of Tift, Turner and Worth. Of these candidates, Worth furnishes two and Turner and Tift one each.

The candidates for judge are R. Eve, for ten years judge of the city court of Tifton, and J. H. Tipton, formerly solicitor of the city court of Sylvester. James H. Pate, of Ashburn, and Robert E. Foy, of Sylvester, are candidates for solicitor general.

The candidates will be selected at the regular September primary, and a plurality vote will nominate.

POLITICAL STORM HAS PASSED OVER COBB COUNTY THIS YEAR

Marietta, Ga., August 24.—(Special.)—For the first time in a long while, Cobb county, the erstwhile political battle ground, is having an opportunity to look on this year.

Apparently, the opponents of the Hon. Hugh Dorsey have decided that a campaign in this particular county is useless, whereas Mr. Dorsey, knowing full well that Cobb county is for him, has devoted his time and talents to securing votes in the counties where the opposition is fighting harder and where there may be some chance of an opponent carrying the county.

The voters of Cobb county, instead of talking the gubernatorial race, are devoting their minds to home elections and the race for the court of appeals.

The announcement in The Constitution this morning that Hon. George Anderson would most likely be a candidate for one of the judgeships to the court of appeals, has created much talk around town, as Judge Anderson is very popular locally, and as soon as it was learned that he was a possible candidate, the local bar met, indorsing him for the office without a dissenting vote.

LEGISLATIVE AND SENATE RACES QUIET IN THOMAS

Thomasville, Ga., August 24.—(Special.)—The announcement made by Dr. W. C. Morgan, of this city, that he had decided to withdraw from the race for representative from Thomas county leaves the races for both the upper and lower houses without contest.

J. A. Bowers, of Ochlocknee, who was a member of the last house, is a candidate for re-election, and James Burch, of this city, will be the other candidate.

With no opposition for state senator from the seventh district Judge H. W. Hopkins is centering all his attention on his candidacy for president of the next senate. He has received many assurances of support.

IMMENSE CROWD EXPECTED TO HEAR DORSEY IN THOMAS

Thomasville, Ga., August 24.—(Special.)—Hugh Dorsey has arranged to be in Thomasville on next Wednesday, and will address the voters here on the afternoon of that day, speaking in the morning at Camilla.

The Dorsey following here claims that there will be a record crowd to hear their candidate for governor, and they are anxious to have him speak in Paradise park if it can be arranged, as they do not think the court room will be large enough to hold the many who will be anxious to hear Mr. Dorsey.

GOVERNOR HARRIS SPEAKS TO BUENA VISTA CROWD

Buena Vista, Ga., August 24.—(Special.)—Governor Harris spoke here at 5 o'clock this afternoon. He was greeted by a good-sized audience considering the lateness of the hour. The governor based his appeal for re-election on the ground that every governor of Georgia since 1872 had been given a second term. He had very little to say about his opponents.

He explained his reasons for incorporating prohibition in his call to extra session of the legislature last summer. The governor was introduced by Colonel G. P. Munroe, who made an earnest appeal for his re-election. The governor came here from Ellaville, where he spoke this afternoon.

BLUE RIDGE CIRCUIT CANDIDATES HAVE DEBATES

Alpharetta, Ga., August 24.—(Special.)—At a big rally and barbecue at which over 3,000 Milton county folks were in attendance, the first of a series of joint debates were pulled off between Judge Patterson and Colonel Newt Morris, candidates for judge, and between Herbert Clay and William Butts, candidates for solicitor general of the Blue Ridge judicial circuit.

POTTLE AND HARRIS WILL SPEAK AT CUTHBERT

Cuthbert, Ga., August 24.—(Special.)—While our people have refused to get "het" up over politics, considerable interest is felt in the gubernatorial race. Every one of the candidates has supporters in the county, and it is doubtful which one will get a majority of votes. Governor Harris will speak here on the 25th and Joseph E. Pottle will be here on the 31st. The other two candidates have spoken here.

DR. GEORGE S. CLARKE FOR STATE SENATE

Hartwell, Ga., August 24.—(Special.)—Hon. A. A. McCurry, former representative from Hart county, is opposed for the state senate from the thirty-first district by Dr. George C. Clarke, a leading physician of Hart county. Both are popular and capable and the district will be well represented whichever one is called to the high position.

S. Seaborn Winn is unopposed for representative from Hart county.

J. T. BOIFEUILLET TO MAKE SPEAKING TOUR FOR HARRIS

With a speech at Valdosta next Tuesday, John T. Boifeuillet, Macon, clerk of the Georgia house of representatives, and for the last two years an attache of the American embassy at the court of St. James, London, will begin a speaking tour of the southern part of the state in the interests of the campaign of Governor Nat E. Harris for re-election.

Twice has Mr. Boifeuillet been drafted during past campaign years by the democratic national committee as a "stump" orator, and he was touring Kentucky for the national dmocratic committee during the memorable Goebel campaign period.

His present itinerary follows, and all of his speeches will be made at night, save that billed for Reidsville, will be at noon:

Valdosta, August 29; Thomasville, August 30; Bainbridge, August 31; Waycross, September 1; Brunswick, September 2; Reidsville, September 4, noon; Dublin, September 5; Americus, September 7, and Columbus, September 8.

JUDGE GROGAN, OF ELBERTON, ENTERS APPELLATE JUDGESHIP RACE

Elberton, Ga., August 24.—(Special.)—After receiving the unanimous request of his home bar and the bar of the Northern circuit, Judge George C. Grogan has announced his candidacy for one of the three new places created on the court of appeals bench.

For the past six years Mr. Grogan has been judge of the city court of Elberton, and enters the race with the distinction of being the only candidate with any judicial experience. He is the only candidate north and east of Atlanta, and all northeast Georgia is solid in support of him. He has been in active practice in northeast Georgia for thirty years, and if elected will bring to the bench his ripe experience and unquestioned knowledge of law.

EFFECT OF RATES ON ATLANTA SHOWN

Randall Clifton Declares That in Some Cases Atlanta Will Receive Substantial Benefit by Revision

That, under the proposed revision of intrastate rates, Atlanta will receive a substantial benefit from the water competition at Augusta and will receive very much reduced rates for her shipments into the territory south of Macon, was claimed by Randall Clifton, assistant freight traffic manager of the Southern railway, when he explained the proposed class rates and rate basis from Atlanta before the Georgia railroad commission Thursday. The revision will, however, result in some increases for the short hauls out of Atlanta above Macon, in accordance with the principles laid down by the railroads in general proposition.

Mr. Clifton on Thursday completed his review of the general principles laid down by the railroads in their proposed revisions, dwelling at some length upon specific departures from the mileage scale, and completed the explanation of the proposed class rates out of Atlanta, Rome and Dalton.

Departure From Mileage Scale.

In discussing the necessity for departing in instances from the proposed mileage scale, Mr. Clifton gave illustrations of how these departures are based upon peculiar competitive conditions. Among these illustrations was the relation between the rates from Charleston, through Savannah to southwestern Georgia points and from Charleston through Augusta to the same territory, in which situation he showed that through Augusta the haul from Augusta to this territory is over a Class D road, having a higher rate than for the haul from Savannah to this territory, wherefore, the carriers deemed it justifiable to depart from the straight mileage basis from Augusta.

During the discussion of departures from the mileage basis, Chairman C. M. Candler, of the commission, desired to know whether the substantial question for the commission to settle was not that of the reasonableness and justness of the proposed rates, this being the basis upon which the commission is required by law to make its decisions. Mr. Clifton replied that such is the case.

In reply to a further inquiry from Mr. Candler as to why the rate from Nashville to Atlanta had been chosen as the measure for the rate from the Georgia ports to Atlanta, Mr. Clifton explained that this measure had been fixed just in the view of former Commissioner Joseph M. Brown, in the adjustment of 1905, and that since the interstate adjustment of January 1, 1916, fixing a new rate from Nashville to Atlanta, it still seemed just that the rates from the ports to Atlanta should be on a parity with the Nashville rates, the carriers being unable to see any change in the relationship of the competition between Nashville and the ports at Atlanta which would justify changing the relationship of the rates.

Records Will Answer.

W. A. Wimbish, attorney for the Georgia Shippers' association, declared in favor of calling upon ex-Commissioner Brown to verify the situation indicated. Mr. Callaway objected to Mr. Wimbish thus casting aspersion upon his witness, and Chairman Candler stated that the records of the commission would likely answer all purposes if either side cared to look further into the matter.

A further question from Mr. Callaway in connection with the Savannah rates brought the statement from Mr. Clifton that the Savannah rates are 20 cents less than the standard scale of the Georgia railroad commission.

Mr. Clifton then took up his explanation of the class rates and rate bases from Atlanta, tracing out the effect of the proposed rates over all the class A, B and C roads out of Atlanta.

He showed that, while the proposed rates would bring about an increase in rates from Atlanta to intermediate points as far south as Macon, that south of a line drawn from Columbus across the state some thirty miles south of Macon, there would be substantial reductions in the rates from Atlanta.

He further showed that the most direct line of road, such as the Atlanta, Birmingham and Atlantic to Thomasville, will control the rate over the more circuitous lines to the same destination and to the intermediate points, except where the more circuitous roads have relief under the 115 per cent rule recognized by the interstate commerce commission.

Rate to Primary Markets.

A third point of advantage for Atlanta, under the proposed rates, as brought out by Mr. Clifton, was that through the competition of the all-water routes, rail routes at Augusta, Atlanta will get an advantageous rate from the primary markets of the east.

Just before adjournment for the noon recess, Mr. Wimbish asked that the carriers, in the interest of time, dispense with further oral testimony upon the subject of class rates from the several Georgia cities, except where there are such departures as should be called to the attention of the commission, and let the testimony to that juncture serve as illustrative of the entire situation. Mr. Callaway replied that the interest of the several cities was such that the carriers deemed it important that they complete their explanation as outlined in their announced program, but that they would make these explanations as general as possible in order to occupy as little time as possible and not to burden the commission with unnecessary detail.

At the opening of the afternoon session, Chairman Candler was interested to know why, if the carriers propose relief for small points on their lines, small points on the smaller lines should not be granted relief such as is now enjoyed by Jefferson, on the Gainesville Midland.

Mr. Clifton explained that Jefferson is located on a line of a class not seeking revision of rates under the present petition, and that the excessively depressed rate from Atlanta to Jefferson was fixed arbitrarily and in disregard of the regular combination rate, and ought never to have been so fixed; that if revision of this nature were extended to points on all the weak roads of the state, such as the Gainesville Midland, such roads would be unable to operate.

Class Rates Discussed.

After completing the explanation of the Atlanta class rates, Mr. Clifton took up the class rates from Rome and Dalton to other points in the state.

He stated that the rates from Rome to south Georgia points based upon the mileage into three zones, the first is for a distance of 400 miles, including Thomasville, Valdosta, Boston, Quitman and other points similarly located, for which a rate beginning at 90 cents is fixed. The second zone is for 350 miles, including the territory from a line through Douglasville to a line at, but not including, Fitzgerald, with a rate of 88 cents. The third zone includes the Fitzgerald and Tifton group of towns, with a rate of 86 cents. The long and short haul principle is observed to intermediate points.

When Mr. Clifton stated that the rate from Rome to Augusta would be practically the same as the rate from Nashville to Rome, a discussion of the Augusta rate situation was opened up.

Mr. Clifton stated that the rate from the west to Augusta is relatively low for the reason that at this point rates from the west come in competition with the rates from the east, which are depressed through competition with the water rates via the ocean and the Savannah river, and that through this condition Augusta had lower rates from the Ohio river than to intermediate points, and that the carriers did not feel they would be justified in giving Rome a lower rate to Augusta than the intermediates enjoy.

Consistency of Justification.

Mr. Candler stated that he was not sure that Mr. Clifton had explained to him clearly yet the consistency in his justification.

Mr. Clifton continued that on account of the competition which rates from the west met at Augusta from the eastern rates, which are depressed at that point by competition with the water rates to Augusta, the interstate commerce commission had granted relief by lower rates from the west to Augusta. If, then, the rates from the west to Augusta are already abnormally low, due to competitive conditions, said Mr. Clifton, there is no reason that the carriers can see for pulling down the rates according to distance. Rome, Dalton and Chattanooga have received the benefit of the low rates from the Ohio river, due to river and trunk line competition at the Ohio river points. Intermediates have not received relief because there exists no competitive condition to warrant it.

Judge Hillyer, of the commission, asked why, if the competition at Augusta forced the application of a rate from the west to Augusta equal to that from the west to Atlanta, should not the same condition not enable Atlanta to enjoy Augusta's rates from the east.

Mr. Clifton stated that this competitive condition at Augusta had resulted in materially lowering the rate to Atlanta; that the $1.14 rate to Atlanta is made up on a combination with the rate to Augusta to the east and is only 18 cents higher than the Augusta rate.

Service by Water.

In reply to a further question from Judge Hillyer as to the amount of tonnage reaching Augusta by water, Mr. Clifton stated that he had made an investigation of this feature and he found that a very considerable and substantial amount of all classes of freight, except perishables, reached Augusta by water and went out from there by water, and that, since he made that investigation, the service on the Savannah river had considerably improved.

Mr. Clifton further explained that Augusta is the key to the rates from the east into Georgia, being the maximum point of competition from the east.

Mr. Clifton stated that in the rates from Rome and Dalton to Augusta and from Augusta to Rome and Dalton the long and short haul principle will be observed for intermediates.

Class rates and rate bases from other points in northwest Georgia and in northeast Georgia will next be taken up.

HOTEL MAN DENIES SQUANDERING MONEY

Injunction Is Granted Prohibiting Mrs. Hines From Entering Hotel.

Answering his wife's accusations in a cross bill which he filed in the superior court yesterday Harry Hamilton Hines, manager of the Imperial hotel, denied many of the charges, and explained others. The accusation that he had received money for which he did not account was denied, and likewise was the charge that he had induced his wife, Mrs. Minnie Farley Hines, shortly after their marriage, to draw a check for $3,000 which he is said to have spent in six weeks' time.

An injunction was granted by Judge John T. Pendleton which restrains Mrs. Hines from interfering in any way with the business of her husband. She is also restrained from going about the hotel, or interfering with the guests. Hines claims that his wife has a bad temper, and often flies into a rage, offending the guests of the hotel as she pleases. She has stated, according to the petition, that she would run any guests whom she disliked from the hotel. The hearing of the suit has been set for September 2.

Asking that a receiver be appointed for the Imperial hotel, Attorneys Hines and Jordan filed a bill in the superior court Thursday afternoon on behalf of J. O. Vickery & Co., who leased the hotel to Hines on last July 10, who had previously operated the hotel, becoming transferees of the lease from the Imperial company, owner of the hotel building. The receivership hearing was set for August 31, and Judge Pendleton signed an order enjoining Hines from disposing of any of the hotel's funds, except when actually necessary to carry on the business.

It is claimed in the bill that the hotel was leased for $15,094, and that Hines paid $6,700 of this in cash. The rent was to be $1,000 per month.

It is charged in the bill that Hines has not proved as efficient a man as was expected, and that he is incompetent to run the hotel as it should be run, and that he lacks the resources necessary, it requiring about $4,500 per month to run the place.

The lease expires June 1, 1919, and should the defendant fail, the petitioners claim, they will be liable therefor.

WIFE ASKS ALIMONY; HUSBAND GIVES BOND

Claiming that her husband, Cleveland B. Hall, an employee of the Enterprise Manufacturing company, had failed to support her, and that he had declared he would leave the state before he would do so, Mrs. Lamuel Hall yesterday instituted alimony proceedings, which resulted in Hall's being placed under a $100 bond by Judge Pendleton in the superior court. The couple were married in October last year and separated on August 8. Judge Pendleton set the case for hearing on September 2.

ESCAPED JAIL BIRD IS CAUGHT NEAR JAIL

Brunswick, Ga., August 24.—(Special.)—Aaron Williams, the negro who escaped from the Glynn county jail last Thursday night on the eve of being executed for murder, was captured today within two blocks of the jail. The negro, after his escape, made his way into a negro house and had since been harbored there. He will now have to be resentenced.

FARMER'S WIFE DROWNS HER 2-YEAR-OLD SON

Coroner's Jury Recommends Writ of Lunacy Be Taken Out for Mother.

Lithonia, Ga., August 24.—(Special.) About 8 o'clock this morning Mrs. C. F. Skinner, wife of a farmer living about one mile from Lithonia, threw her 2-year-old son in an old abandoned well about a hundred yards from the home.

A 5-year-old son saw his mother in the act and ran to the field where his father was working to inform him. By the time the father reached the house, several neighbors were on hand, among them Dr. Thomas W. Stewart, and when the body of the child was recovered it was found that life was extinct.

It is said that for the past two weeks the mother has been trying to give the child away, and upon being questioned by Dr. Stewart she stated that the child had to be drowned, and that she thought it was her mission to do so.

Late this afternoon an inquest was held by Acting Coroner E. P. White, and the jury returned the following verdict: "We, the jury, find that the child came to death at the hands of the mother by being thrown in the well and drowning, and recommend that a writ of lunacy be sworn out for the mother." Arrangement will be made to have the mother brought before Ordinary James R. George, of DeKalb county, as soon as he returns from Lawrenceville, where he is absent on a business trip.

RAIL CHIEFS FAIL TO REACH AGREEMENT

Continued From First Page.

ture labor disputes through an investigating commission.

The entire plan has not been laid before all the executives and managers, but its points have been discussed at the various conferences. It developd after tonight's meeting that objection had been raised to the freight rate increase feature on at least two grounds. It was agreed by some that there can be no assurance of a rate increase because no one could say what the interstate commerce commission might do, and that some of the most important shippers of the country already have made it plain that they are not in sympathy with any move which may mean a rate increase. It was pointed out also that although President Wilson has expressed his belief that such a rate increase should be granted if the eight-hour day is given the employees, no one can tell how the next election is coming out and there can by no possibility be an increase before next March or probably later.

Attention was called to the fact that the commission hitherto has held that it cannot consider wage standards in dealing with proposed rate increases, although legislation by congress might remove that difficulty.

Can't Guarantee Commission.

The principal arguments against the idea of a permanent commission for the prevention or settlement of strikes were that it would almost certainly be fought by labor in congress and that, while President Wilson might be entirely willing now to back such legislation, he might not be in a position to do so when it was proposed. Representatives of the brotherhoods who heard of this phase of the plan today were plainly against it.

A counter suggestion was heard among the presidents that strike questions should be left to the interstate commerce commission with power to investigate and make a public report of their findings with a strike held in abeyance pending the investigation.

The special committee's plan has been tentatively accepted by the committee of eight and it was the subject of today's conference at the white house. Its substance was communicated to the labor representatives through Judge William L. Chambers, of the board of mediation and conciliation.

The railroad presidents are understood not to be insistent upon the commission idea for the settlement of future disputes and the main difficulty has been the working out of operating plans under an eight-hour day and of giving assurances to the presidents and managers that they can count upon a freight rate increase. Presidents and managers agree that the operating problem presented is one of the most complicated they ever have undertaken. There seems to be a general opinion that the eight-hour day must be granted, but the roads which now are operating on only a narrow margin of profit or on which the physical difficulties are unusual present serious problems to be overcome. The effort has been to include in the eight-hour day concession a solution of some other questions, such as over-time pay, etc., which might make it less expensive to the railroads. There were reports tonight that some of the executives still are unalterably opposed to granting the eight-hour day under any circumstances and might attempt tomorrow to force a decision which would bring the negotiations to an end one way or another.

Relies on Public Opinion.

It has become known that in their conference with President Wilson the executives pointed out that since it was his view that the eight-hour day is approved by society, apparently it eventually must be extended to other railroad employees and to those in other lines of endeavor. An estimate of the ultimate cost was given the president.

President Wilson is said to have taken the position that the freight rate increase will be forthcoming because the weight of public opinion will back the eight-hour day and will also back the plan to give the railroads the revenue to provide for the added expense.

Statements were issued tonight by President Pennington, of the Minneapolis, St. Paul and Salt Ste Marie, and P. R. Albright, general manager of the Atlantic Coast Line, emphasizing the railroad view of the additional cost to them of an eight-hour day. Mr. Pennington said for the railroads to accept something which would cause them to spend $52,000,000 more annually would seriously affect their credit. He pointed out that in 1907 the railroads earned 5.85 per cent on their investment; in 1913 the rate was 4.83; in 1914, 3.94 per cent and in 1915, 4.04 per cent. Despite a large increase in earnings the past year, he added, incomplete returns show a probable rate for 1916 of about 5.50 per cent.

Mr. Albright said if the eight-hour day is adopted and the present standard run for a day of 100 miles is retained it will mean an increase for engineers on his road from a minimum of $5.25 per day to $7.18 per day.

Brotherhood In High Hope.

Hope was high among brotherhood men tonight that a satisfactory settlement would be reached tomorrow. Assurances from their leaders after the visit paid them by Judge Chambers early in the day with a message from the white house that the outlook was favorable cheered them. The men maintained they received no details of the judge's communication but they were satisfied with their leaders' optimism. The leaders declined to comment but all of them wore broad smiles and said they believed that the negotiations soon would end satisfactorily.

Brotherhood leaders maintained tonight that the full plan of settlement to be suggested by the railroad heads, which is said to contain some amendment to the president's proposal already accepted by the men, had not been outlined to them officially. They knew of it in a general way, they said, but had no definite information regarding it.

"We have our ears to the ground listening," was the way A. B. Garretson summed up the situation. That save for his statement earlier in the day that the message conveyed by Judge Chambers "certainly was not depressing" was the only comment he had to make throughout the day. Other leaders were equally silent. A stage in the negotiations had been reached, they declared, where none of them could say anything.

It is known, however, that if the railroad heads insist upon the formation of a federal commission for the investigation of labor conditions before a strike is called, as reports have it they will, vigorous opposition will be voiced by many members of the brotherhoods. This plan, which has been freely discussed among the railroad heads, has not been suggested to the brotherhood leaders officially to determine how they stand on it, it is understood, but several of them will oppose it if it is proposed.

Insurgents Calmed Down.

Fear of embarrassing the president, as well as injuring their own cause, quieted the "insurgent" brotherhood element who yesterday for a time threatened to disrupt the calm daily meetings of the employees with their demands for action. As a result the gathering today was peaceful and adjournment was taken until tomorrow morning at 10 o'clock without a sign of protest.

The leaders had pointed out to the insurgents that thus far the weight of the president's support has been with them and that to make any move which would embarrass him would be extremely unwise. Furthermore word came from the railroad headquarters that the managers and presidents heard with unconcealed satisfaction that some of the employees were clamoring for an immediate strike. Only by remaining calm and exercising patience at such a delicate stage of the negotiations, the men were told, could the support of that share of the public now in sympathy with them be maintained.

There were no capitol conferences regarding the threatened strike today, the members of both houses awaiting the result of the negotiations by the president which they hoped would prove successful. At the capitol it was said that while no specific legislation had been agreed upon yet, in event of failure of the negotiations to avert the strike, both sides would be surprised at steps that would be proposed in congress.

OFFICE SOUGHT THE MAN IN ELECTION OF CANDLER

With yesterday's sweeping victory for Asa G. Candler as the nominee for mayor of Atlanta, which is tantamount to his election, came to a close the most remarkable political campaign in Atlanta's history.

In a way, the election of Mr. Candler is unique in America, it was an instance, purely and simply, of the office seeking the man and not, as is almost invariably the case, the man seeking the office. It was a case of the man reluctantly yielding to the demand of the people that he accept the office. The election was singular, if not unique, in American municipal government, in that the wealthiest citizen of a city of the first class and of his state has been chosen by the voters to be their chief executive.

Mr. Candler began his career in Atlanta as a struggling night clerk in a drug store, and from that station, through his business acumen, wise financial judgment and his peculiar qualifications for winning and holding influential and worthy friendships, he rose rapidly to a position of power in the world of finance, and is referred to throughout the nation as the richest man south of the Mason and Dixon line.

Accepts Nomination.

Regardless of the fact that he is a man of great wealth, he yielded to what he was made to feel was his duty and accepted the nomination for an office paying $4,000 a year in salary. Regardless of the fact of his great wealth, too, he was elected by the votes of men in all walks of life. The union labor man, for instance, voted for him along with the banker, the merchant and the professional man.

The Candler campaign was inaugurated a little more than a month ago, when four men already had declared their candidacy for the office of mayor. Neither of these, though each had a strong following, was satisfactory to the thousands of the city bent upon a dimatric reversal of the policy obtaining in the city hall for so long that it had become well-nigh unbearable. The business men of the city took the initiative, and went upon a sustematic quest of a candidate whom all could get behind.

Essaying what was by many considered "the impossible," the business men's committee "approached" Asa G. Candler, the "first" citizen. Mr. Candler never had held nor aspired to office. He was not a politician in any sense of the word. He did not desire to make the race, but was literally "drafted." Made to feel that in accepting the nomination he would be but yielding to duty, he accepted it.

Then Candidates Charles H. Kelley and Claude Ashley withdrew their names from the running and threw their support to Mr. Candler. Another candidate, I. N. Ragsdale, already had withdrawn on account of ill health, but he recovered sufficiently to work actively for Candler during the last two weeks of the campaign. Jesse W. Armistead alone "stood out" in opposition, and between the two the issues were fought ont.

The campaign was remarkably free from personal aspersions and bitterness, although during the latter days of it some of this crept in from the Armistead side. Charges were made by anti-Candler speakers and were answered and refuted by those for Candler. But bitterness and counter charges on the part of the Candler forces were studiously avoided.

Makes First "Stump" Speech.

Almost immediately after accepting the candidacy Mr. Candler went to Mt. Clemens, Mich., with his wife, who was ill. It was his intention to remain away during the campaign, but he was called home by his campaign managers, and on Wednesday, August 16, he made the first "stump" speech of his life to a street crowd at the Grady monument. From that day on he spoke daily from three to six times, and nightly since Atlantans have been treated to the unique spectacle of a multi-millionaire speaking to ward audiences in the open air and in tents, asking them to nominate him for a $4,000-a-year office because the office needed him.

The Candler campaign was generaled throughout by Forrest Adair, one of the wealthiest business men of the city, and he gave his undivided time to the job. That the campaign was superbly managed is shown by the results.

Every one of the host of workers who threw themselves into the campaign and worked for Candler before election day and at the polls Thursday did so simply as a volunteer and without pay. No man, probably, ever was elected mayor with a smaller cash outlay.

The results showed a total vote smaller than the Candler forces figured on, it proving only 11,533. But of these Candler received 7,821 and Armistead 3,712—a Candler victory by 4,109.

"I feel awfully good," was the only comment Mr. Adair would make at his home last night.

Mr. Candler and Mr. Armistead each made a statement to the public, expressing their thanks for the support given them and each declaring his hopefulness that issues will be buried, and that all Atlantans get together and pull together henceforth for the welfare of Atlanta.

GULLS ARE BEATEN--LADIES' DAY TODAY

----EDITED BY----
DICK JEMISON

Crackers Hammer Allison While Brennan Holds Gulls; Thrasher Sprains Ankle

Ladies Free Today.

Today will be Ladies' day at Ponce de Leon and the management of the Crackers announces that again the fair sex will be admitted free of charge with or without escort, with no string whatsoever attached.

By Dick Jemison.

The Crackers upon their return to Ponce yesterday afternoon, before a mere handful of fans, slipped the harpoon into the tailend Mobile Gulls by a 5 to 2 count, registering the tenth straight defeat the Gulls have suffered.

Ad Brennan's southpaw slants were too much for the Gulls as a whole, though in two innings they bunched a triple and a single, four of the six blows that the veteran sidewheeler allowed, and these produced a tally each as a triple and a single usually do.

In the meantime Mack Allison was being bombarded by the Crackers for thirteen blows, in the allotment a double and a triple, Moran and McDonald with three hits each and Yerkes and Munch with two each, leading the attack. It also made the eighth straight defeat for Pitcher Allison.

Thrasher Crippled.

The Crackers started the game without their manager, the rotund C. Frank being confined to his room at the Ansley hotel with a bad case of fever and it may be several days before he is again able to assume charge of his warriors. Captain Reilly was in charge in his absence.

During the game the Crackers lost one of their most valued members, none other than our Watkinsville, Ga., friend, Frank Thrasher. Frank stole second in the seventh session and went on to third when Holly let Schmidt's throw get away. As he pulled up at third he turned his ankle and fell flat on his face.

Examination of the pedal extremity showed that it was a bad sprain and that the league's leading batsman would be out of the game for several days as the result of the accident, which will be regretted by all except the opposing twirlers.

The Gulls amused the crowd prior to the start of the game by going through pantomime fielding stunts, taking their infield practice without the aid of a ball and pulling off marvelous stops and throws with an unseen ball.

How They Scored.

The Gulls got off to a one-run lead in the opener on Holly's triple and Burke's single.

The Crackers tied it in their half on McDonald's single, Reilly's sacrifice, a base on balls to Moran, and Yerkes' single.

The Crackers took the lead in the fifth on singles by Munch and Brennan and McDonald's Texas leaguer that fell for a double.

The Gulls tied it in the sixth on Schmidt's triple to the scoreboard and Swacina's single.

Moran's triple, Thrasher's single, Yerkes' single, Wilcox's error and Mayer's sacrifice fly gave the Crackers three in the sixth.

YERKES CONTINUES HIS GREAT FIELDING

McDonald and Munch Also Continue Their String of Errorless Games.

Steve Yerkes, Cracker second sacker, continued his unbroken string of errorless games at the keystone by fielding cleanly in Thursday's pastime with the Gulls.

This makes eighteen straight games that Steve has gone without an error, and in these games he has handled eighty-eight chances without a bobble, 38 put outs and 50 assists, a record in so far as we have been able to ascertain.

Tex McDonald and Jake Munch ran their consecutive errorless games up to ten each, the former handling fifteen put outs and eighteen assists and the latter 204 put-outs and six assists.

MANUSH TO LEAD DURHAM NEXT YEAR

Rome, Ga., August 24.—(Special.)—Frank Manush, manager of the pennant-winning Rome baseball team, in the Georgia-Alabama league this year, will not wear a Rome uniform next season.

Since the close of the season negotiations have been pending between local baseball association and Manush for a renewal of the contract, and he has advised officers of the association that he had closed with Durham, in the Carolina league, for next year at $1,500, which is about twice what the Rome club could afford to pay him.

Manush went with the Durham team at the close of the Georgia-Alabama season and now has that team in second place, only four games behind Charlotte, which is leading the league. He expects to perform the unusual stunt of winning two pennants in one season.

MISS ROSENTHAL, WESTERN CHAMP, LOSES HER MATCH

Grand Rapids, Mich., August 24.—Mrs. Fred C. Letts, Jr., of Cincinnati, today won the right to play in the finals for the women's western golf championship by defeating Miss Elaine V. Rosenthal, of Ravisloe, Chicago, present champion, 2 up and 1 to play in the semi-finals.

The other finalist is Miss Laurie Kaiser, of Flossmoor, Chicago, who eliminated Miss Vera Gardiner, of Glen Oaks, Chicago, 3 up and 1 to go.

Mrs. Letts lost the first two holes, but acquired the advantage on the sixth. From then on to the sixteenth the lead switched time and again. Mrs. Letts' ability to follow a poor shot with a good one seemed to unnerve the champion and the match ended at the 17th.

Miss Kaiser's game today was excellent and her iron shots went straight for the pin. Miss Gardiner early developed a bad slice.

Nashville's runs were scored in the sixth when with two out Lee reached first on Cruthers' error, Sheehan beat out an infield hit, Baker walked and the three came home on Williams' long fly to center. Kerr allowed only four hits.

TRAP SHOOTING

By George Peck.

The wholesomeness of life in the country with its attendant hard work in the open air is never more manifest than at the traps when the country boy, fresh from the farm, pits his nerve and clear-sightedness at the big tournaments against that of the top-notchers.

In the ranks of the aforesaid top-notchers are to be found a majority who shoot regularly once or twice a week throughout the season until, when the big tournament is on, their muscles and nerves are trained to a mechanical perfection. The country boy, however, has no such training and many of them let six months or more slip by before they find an opportunity to face the traps for a little practice. Nevertheless, it is these same bronzed and brawny Americans who offer constant surprises to the gallery and contestants at the big state shooting classics and the old-timer cannot but wonder what the result would be if the farmer lad in connection with his clean, homely life had his weekly issue with the animated targets.

It is true that the handicap is fast finding its place in the farmhouse and who knows but that this combination—the farmer boy and the handtrap—will develop in this country a shooting talent that will make present-day scores seem mediocre.

THE "BIG NINE"

All three of the leaders in the Southern league batting race lost as the result of Thursday's play, Thrasher losing one point, Jacobsen three and Meusel two.

Tris Speaker, leading American league batsman, was spiked in the left hand during the first game of a double header today and compelled to retire, but not until he had gone to bat twice without getting a hit, bringing his average down one point. Cobb also lost a point when he failed to get a hit in one time at bat, but Jackson got two hits in three times up and increased his standing two points.

In the National league Robertson slipped back when he made but one hit in five trips to the plate. Chase made one hit in three times up, which did not change his standing. Daubert and Wagner did not play. The standing:

Eleven Years of Cobb

Tyrus Raymond Cobb will celebrate the eleventh anniversary of his Tiger debut tomorrow. A kid of 18, yanked from the obscurity of the South Atlantic league, Ty first clad himself in the big league regalia on August 26, 1905. Bill Armour, then the Tiger leader, sent Tyrus to center field to take the place of Dick Cooley, who was indisposed. While a bit nervous and flustered, Ty showed that he had the goods, and he became a regular from that day. His batting average for the remainder of the season was only .240, but in 1906 he fattened this to .320, and he has been swatting the horsehide way over .300—sometimes over .400—ever since.

GAME WITH WASHINGTON PROTESTED BY BROWNS

Washington, August 24.—Manager Griffith, of the Washington club, today was notified that Manager Jones has wired President Ball, of the St. Louis American league club, to protest the second game with Washington yesterday, in which St. Louis was beaten, 4 to 2. The grounds given are that the umpires knew nine innings could not be played, but ruled the game should be started over Manager Jones' protest. Seven innings were played.

Chicago, August 24.—General William B. Haldeman, democratic national committeeman from Kentucky, just returned from a trip through several middle west states, conferred with Vance C. McCormick, chairman of the democratic national committee, today.

"Mr. Hughes seems to have made no impression on the west," said General Haldeman. "His bitterness has marred more than bettered the republican cause. Hughes has scolded vehemently. He has shown no constructive statesmanship. His gravest fault is his attempt to revive sectionalism. In all the states I have visited the democrats are earnest and confident of success. Many republicans will vote for Wilson.

"As for Kentucky, there have been local differences among democrats, but these are certain to be laid aside for this campaign in the common and determined purpose to elect Wilson."

LANSING SENDS ANSWER TO PENROSE RESOLUTION

Washington, August 24.—Secretary Lansing sent to the senate today in response to a resolution by Senator Penrose a statement showing the number of employees added to the state department's force during the present administration.

From August 1, 1914, to July 1, 1916, the statement showed 156 temporary employees were appointed "in connection with vastly increased department duties arising from the European war conditions—the relief and protection of Americans abroad." Their employment covered periods varying from two weeks to 22 months.

"Because of the urgency of the situation," Secretary Lansing wrote, "and the pressure confronting the department, it was necessary to secure these needed temporary clerks in the shortest possible time and not to await the usual and necessary delays incident to certification from the eligible temporary list of the civil service commission. Most of them were therefore secured through Washington business colleges and the registered list of various typewriter firms in the city."

O. U. A. M. DROPS WORD MECHANICS FROM NAME

Atlantic City, N. J., August 24.—The National Council of the Order of United American Men closed its sessions here today with the installation of officers. It decided to drop the word "mechanics" and substitute "men" in the title of the organization. An attempt to change the laws of the order so that men of foreign birth may be admitted was defeated.

Next year's meeting will be held at Harrisburg, Pa.

Killed by Lightning.

Harrisonburg, Va., August 24.—Lightning killed Mrs. Grant Herr late yesterday as she was taking clothes from a wire line. A ten-year-old child, Nealy Gardner, who was standing in a door nearby, also was killed by the same bolt.

PUNISHMENT OF KAISER CONSIDERED BY FRANCE

Spanish Premier Studies Treatment of Civilians in the Invaded French Towns.

Paris, August 24.—What measures can be taken at the proper time against the emperor of Germany and other persons held to be answerable for compelling inhabitants of the invaded cities of northern France to work in the fields, and the immediate steps which France might take in behalf of these people, are questions to be raised in the approaching session of the chamber of deputies.

Deputy Bouyssou, in a letter to Premier Briand, in which he severely criticised the acts of the Germans toward the population of the invaded region, gave notice that he would interpellate the premier on these subjects.

Madrid, Spain, August 24.—(Via Paris.)—The recent note of the French government to neutrals protesting against the treatment of the French inhabitants of Lille, Roubaix and Turcoing by the Germans will be the subject of serious study by Premier Romanones, so as to permit him to act according to strict neutrality, the premier states. The Spanish government also will consult other neutral nations regarding their attitude before giving France an answer, he adds.

Premier Romanones has already taken steps to learn the opinion of the American government, as well as that of other neutral nations, on the matter.

RED AND BLUE FLEETS IN BLOODLESS BATTLE

Strict Censorship, However, Keeps Out Details of Probable Conflict.

Washington, August 24.—Naval officials believed it possible tonight that the "red" and "blue" fleets had come into contact somewhere off the Atlantic coast and were enacting the closing scenes of the great war game which began two days ago. A strict censorship was imposed by Rear Admiral Benson, acting secretary and chief of operations, on all reports reaching the department.

A message early today from Rear Admiral Helm, commanding the "blue" defending fleet, indicated that his scouts might have located either the "red" fleet or its phantom train of transports hypothetically loaded with the men and supplies of an invading army Admiral Mayo is seeking to land on the Atlantic coast. There were indications also that further reports had come showing that the "blue" fleet was hurrying toward its enemy, and that the scouts at least were in touch. Admiral Benson would not discuss the progress of the game further than to say that it was possible a theoretical battle was taking place tonight.

The outcome will be determined by Rear Admiral Knight, head of the navy war college, who, as umpire, is on the scene of action aboard the superdreadnaught Pennsylvania. Admiral Knight receives regular reports from the commander of the two fleets. The moves of the game are being plotted by his navigators on a huge chart aboard the Pennsylvania, and when Admiral Mayo has accomplished his task and made a landing or when the positions of the fleets show that Admiral Helm's ships are so disposed as to make such an accomplishment impossible, Admiral Knight will announce that the game is ended and notify the department of the results.

BERLIN TAKES CALM VIEW OF RUMANIAN SITUATION

Berlin, Wednesday, August 23.—(Via London, August 24.)—Government circles here, though none too optimistic, view the Rumanian situation calmly, taking the attitude that it is Rumania's next move.

The feeling is that the central powers have done everything possible to meet Rumania's views, and that Rumania, in persisting in the course desired by the entente and her own expansionist policy, will find the central powers ready, in which event it is to be expected every effort will be made to insure that the new war theater is on Rumanian soil.

Information from Vienna indicates that the Austro-Hungarian government, bearing in mind the results of the negotiations concerning Italy's claim before that nation entered the war, has been at no time disposed to offer Rumania similar concessions for fear that this again would be mistaken for a sign of weakness.

At this moment there is not discernible the slighest effort to persuade Rumania taking any other course than one due to her own initiative.

The latest dispatches from Bucharest indicate a further cooling off of the war fever.

MONKS' FAMED TREASURE DUG UP BY AUSTRIANS

Geneva, Switzerland, August 24.—(Via Paris.)—The Austrians, according to a special dispatch from Innsbruck, have found the famous treasures of the Detchani monastery, near Cettinje, Montenegro, which the monks had buried upon the approach of the invaders. The accumulations were those of seven centuries, consisting of jewels and old coin of every generation since the thirteenth century, golden vessels and richly embroidered vestments. The value is estimated at several millions of pounds.

It is said, adds the dispatch, that a peasant betrayed to the Austrians the catacombs where the treasure was secreted.

KING LUDWIG OF BAVARIA STRICKEN WITH APOPLEXY

Paris, August 24.—King Ludwig III. of Bavaria has been stricken with apoplexy and his condition is grave, according to a report from Switzerland, says a Rome dispatch to The Petit Parisien.

King Ludwig III. is 71 years old. He married the Archduchess Marie Therese of Austria and ascended the Bavarian throne in 1913. He was appointed a field marshal in the Bavarian army last year and visited the Bavarian troops on the battle line in France January last.

U. S. FISHING BOATS SEIZED BY BRITISH

London, August 24.—Inquiries are being made of the British government by Robert P. Skinner, the American consul general, as to the cause of the seizure of the American fishing schooners Maxine Elliott and Lizzie Griffin, taken from the coast of Iceland into Lerwick, Shetland Islands, by a British patrol boat.

Belief is expressed that the schooners are the victims of the general policy which Great Britain is apparently adopting toward neutral fishermen to induce them to sell their catches to the British rather than in quarters through which they might reach Germany. Already 150 Dutch fishing craft and many Scandinavian boats have been taken in.

BATTALION OF MEXICANS WIPED OUT BY INDIANS

Sonora Infantrymen Ambushed and Annihilated by Yaquis in Alamos District.

Douglas, Ariz., August 24.—The 22d battalion, Sonora infantry, was practically annihilated after it had been ambushed by Yaquis near Batamonte, in the Alamos district, about ten days ago, according to reports brought here today by arrivals from Sahuarina, 250 miles south of the frontier.

GERMAN SHIP CAPTURED BY RUSSIAN SUBMARINE

Berlin, August 24.—(By Wireless to Sayville.)—The capture of the German steamship Desterro, with a cargo of iron ore, was made by a Russian submarine flying the Swedish flag, says the Overseas News agency.

Dispatches from Stockholm say the Desterro was seized in Swedish territorial waters, having a Swedish pilot, who has now returned to Haparanda. The vessel was taken into Raumo, Finland.

"This flagrant violation of Swedish neutrality," the news agency says, "has produced excitement in Sweden and embittered the feeling of the people."

Paper is scarce in Mexico. Mrs. Alice Martin, of Carlisle, Pa., received a letter from her son, Sergeant Homer D. Martin, of the Eleventh United States cavalry, chasing Villa, written on the inside of a pasteboard cracker box, and Miss Margaret Doering, of York, Pa., received a letter from Sergeant Thomas B. Slade, Seventh United States cavalry, which was inclosed in an envelope made of pieces of a cardboard biscuit box.

PROFESSIONAL VIEWS ON COTTON SITUATION

New York, August 24.—(Special.)—Every option on the board sold above 15 cents today. For the first time this year the market is listening to crop accounts. The prices started upward many months ago on rumors of peace and afterwards upon what we think an incorrect summary of consumption and misquoted and misused statistics. However, whatever is must be right, and prices today are higher than they were at any time during the year 1910-11, which crop was only 12,000,000 bales following upon the heels of the crop of only 10,500,000 bales. These two crops were spun when the world was at peace and Germany and Austria doing their part.

We are entering upon the marketing of a crop the size of which cannot be under 12,500,000 unless the yield is smaller than ever made in history, for comparison with the poorest yield which occurred in 1909, a crop of 11,376,000 bales, without linters, would result, and linters in this day and time will be 1,000,000 bales or more. In the absence of rain in the western belt and in the presence of continued complaints of weevil and wet weather in the eastern belt, the speculator is unwilling to sell and the owner of actual cotton has not yet picked it. Therefore advances are easy to establish and will continue to be easy until the new crop moves in sufficient volume to supply the market with contracts.

The general talk now is that the condition report will show about 65. If it should do so the government will accompany with a statement that the crop will be 12,700,000 without linters, or 13,700,000 with linters. This accompanying statement will not fit the talk of the bulls, who are claiming the crop is between 11,000,000 and 12,000,000.

RENSKORF, LYON & CO.

New York, Augus 24.—(Special.)—We believe it is safe to consider now that cotton is bordering on a crop disaster, due mainly to the continued unfavorable weather conditions existing over the belt, principally in Texas and Oklahoma, where conditions are gradually becoming worse. Liverpool and spot interest were again good buyers and the small amount of offerings were readily absorbed by this splendid character of buying. A most significant feature surrounding the market at the moment is the attitude of the southern spot holder, who appears indifferent to the present high prices as an inducement to sell hedges forward, as he no doubt appreciates and fully realizes that the supply this season will not equal the demand. We can see nothing in the situation at the moment that will cause more than a moderate decline and advise purchases, especially on setbacks.

Continued strength in cotton has given us a steady oil market today, but the trade is hesitating in following the advance at this level. Some refiners appear to be taking advantage of the situation to sell the fall months, believing that lower prices will be seen a little later on. We favor sales of November and December.

JOHNSTON, STORM & CO.

New York, August 24.—(Special.)—There was an increase in general buying in this market today which advanced prices about 25 points. Fresh news was lacking, but the consistent nature of unfavorable crop reports is commencing to work on the public's mind and their participation in the buying is on a broader scale. Southern advices say farmers are free sellers, but that the demand for cotton is equal to offerings and that the basis, although easing, is still high as compared with futures.

BOND, M'ENANY & CO.

New York, August 24.—(Special.)—The Liverpool market led the advance in cotton today, but the American markets did not advance to a parity, though they were firm and higher. The large holders of contracts are not tempted to sell on the advance, believing that the trade does not yet appreciate the extent and character of the damage to the new crop and the possibility of a smaller crop than has been estimated. The spot markets in Texas are firm and receipts are increasing, but the demand is reported as sufficient to absorb the new cotton.

J. W. JAY & CO.

New York, August 24.—(Special.)—An excited market in Liverpool due to the advices from America of the large buying for western and Wall street account resulted in a similar condition here, where the mere appearance of brokers believed to be identified with their operations brought about an advance. In other words, prices having reached a point which, in the past, have always proved to be too high, none are prepared to say that they may not go higher yet. It is noticeable that the speculation is confined to the west and Wall street, while the south is ready to sell and does sell, the increasing receipts willingly at these prices.

STOCKS IRREGULAR AND LESS ACTIVE

Long - Drawn - Out Parleys Over Labor Situation Made Inroads on Recent Gains. Coppers Make Gains.

New York, August 24.—Professional traders became restive today at the continued delay in the railway labor conferences, and their selling made further inroads upon recent gains, although most of the net losses were nominal. Trading fell far below the huge totals of the early week and was characterized by a succession of moderate advances and declines.

Coppers alone manifested general improvement, those issues, with zinc shares, recording gains of 1 to 2 points, with a new high record for Inspiration at 56⅝. Mexicans, Sugars and a few obscure specialties which get their chief impetus from pools or cliques, registered irregular advances, some being partly effaced in the final hour.

Rails as a group were heavy, when not reactionary. Reading, St. Paul, New York Central, Norfolk and Western and Baltimore and Ohio yielded 1 to 2 points, with material recoveries on short covering. Marines denoted further liquidation to the accompaniment of rumors of a forthcoming reduction of freight rates.

United States Steel and minor industrials fluctuated within narrow limits, steel at no time coming within range of its high record, established on the previous day, and closing at 97⅝, a fractional net loss. Its contribution to the day's business aggregated about 130,000 shares.

Munitions and the war group in general were irregular on relatively small offerings, and motors were far less prominent than usual, with little speculative interest in equipments.

Bonds were irregular, with total sales, par value, of $2,870,00.

United States and Panama 3's declined ¼ per cent and United States coupon 4's advanced ¾ per cent on call.

Coffee.

New York, August 24.—Reports of a firmer tendency in ocean freight rates and talk of a renewed trade demand were followed by an advance in coffee futures today. Business was more active than recently and part of the buying was attributed to cotton trade interests, while there also seemed to be a scattering demand from Wall street sources. The market opened at an advance of 4 to 6 points and sold about 13 to 15 points net higher during the day with September touching 8.84 and March 8.99, or new high ground for the movement. Closing prices were within a point or two of the best, showing a net advance of 12 to 15 points. Sales, 49,500.

Spot steady; Rio sevens, 9½; Santos fours, 10⅞. A sale of Santos fours was reported in the cost and freight market at 10.75, London credits, and Brazilian shippers were said to be asking from 10.80 to 11.00. A private cable reported that $1.50 per bag had been bid for freight room from Brazil to this country, or 50 cents per bag above the last official quotation.

The official cables reported an unchanged market at Rio with Santos 100 to 175 reis higher for spots and futures. Rio exchange on London 1-32d lower. Brazilian port receipts, 56,000; Jundiahy, 38,000. Temperatures in Sao Paulo ranged from 50 to 86 degrees.

Sugar.

New York, August 24.—With the demand for refined sugar almost at a standstill, there was no incentive for refiners to buy raw sugar, and offerings of Cubas for nearby shipment at 4½c were again of no avail. In fact, it was said that holders were even soliciting bids without finding buyers. Prices were entirely nominal with Cubas offered at 4½c cost and freight, equal to 552 for centrifugal and 4.75 for molasses. The market for refined sugar was dull and unchanged. List prices of refiners were 7.00 to 7.25 for fine granulated, although second-hand sugars were available at 6.90.

Futures were irregular. An early decline of 12 to 14 points for the active positions under scattered liquidation principally in September, owing to the weakness in raws, was followed by a sharp recovery in the afternoon on covering and some support from commission houses. Closing prices were 2 points higher to 6 lower or within 2 or 3 points of the best of the day. Sales were 17,050 tons.

CHICAGO STAPLES IN MIXED TRENDS

Bullish News Not Enough to Offset Selling Pressure in Wheat—Good Demand Boosts Oats.

Chicago, August 24.—Ignoring bullish news a natural reaction sent wheat prices down ¾c to 1⅞c today. Corn closed ¼c lower to ⅛@¼c higher; oats a shade to ½c up. Provisions closed 35c lower to 10c higher.

Professional traders yesterday looked for a reaction from high prices, but prices held steady. Today watchful waiting was resumed. Prices held firm for an hour and then began to work lower. Thereafter the story was simple—long wheat was sold for profit until the end on a large scale. Higher cables, bad crop news, an advance at Rosario and other news was ignored. December dropped 3⅛c from the top and at the close was ⅜c to ⅝c over the bottom.

The feature in the corn pit was the buying by local professionals, who took December options early and sold later. Kansas corn was reported badly damaged in the last sixty days.

There was a good demand for spot and oats were relatively firm. At the top there was heavy selling, but prices held well. An active foreign demand was reported based on an estimate that the world crop was 20 per cent less than a year ago.

The feature of the provision trade was the demand for lard, which was wanted for the foreign account. September pork sold off 35c. Lard advanced 7½ to 10c and ribs closed 2½c lower to 2½c higher.

New York, August 24.—Cotton showed renewed strength and activity today with prices making new high records on bullish crop and weather advices. December contracts advanced to 15.24, or 26 points above last night's quotation, and closed at 15.22, with the general list closing very steady at a net advance of 10 to 26 points.

The market opened firm at an advance of 6 to 10 points and sold 15 to 18 points net higher during the first few minutes. This was in response to relatively firm cables and the failure of the weather map to show any further precipitation of consequence in the southwest. Private cables attributed the advance in Liverpool to a feeling that the showers reported in Texas yesterday had been insufficient and local buying was stimulated by the western belt forecast for generally clear weather.

Heavy realizing was encountered above 15c for new crop months and there were reactions of 7 to 8 points during the middle of the morning. Offerings were rapidly absorbed by broadening outside demand, however, and the market firmed up again during the middle of the day on covering and a renewal of bull support. This advance carried October contracts up to 15.13 and January to 15.28, or 23 to 27 points above last night's final figures and nearly $3 per bale above the low level of yesterday morning. Buying then seemed to taper off somewhat while less optimistic reports as to the prospects for a settlement of labor difficulties in railroad circles were accompanied by scattered Wall street selling.

Rather sharp reactions of ten or fifteen points also reflected reports of scattered southern hedge selling on advances, but offerings were absorbed by continued commission house buying or support from trade sources, and closing prices were within a point or two of the best.

Spot cotton, steady; middling uplands, 15.20; no sales.

New Orleans Rises 21 to 25 Points.

New Orleans, August 24.—The upward movement in cotton was continued on this market today in the face of much realizing of profits by recent buyers. Prices were sent to new high levels on both spots and futures, December reaching 15.04 and spots being quoted at 14.75 for middling. These were the highest prices in about seven years. In the early part of the session and again toward the close buying was general. Last prices for the day were at a net gain of 21 to 25 points and the tone on the close was steady.

A much higher Liverpool than due, continued drouth in the western belt and fear that the tropical storm in the Bahamas would strike the Atlantic states of the belt caused early buying on which prices rose about 15 points. Bullish sentiment increased and buying orders were wired in from all directions. Buying was strongest following the posting of the forecast of fair weather for the western belt. Little notice was taken of the official announcement indicating the tropical storm was diminishing in intensity.

For a while the fresh buying was sufficient to absorb the constantly increasing offerings from recent buyers who were satisfied to accept their profits and the rise was widened toward the middle of the day to 24 to 27 points. In the early afternoon liquidation from the long side became very heavy and under the pressure the market fell to a net decline of 5 to 8 points. Predictions from leading traders on the long side of a higher market than has yet been seen stimulated the demand on the reaction and late in the session the market again rose strongly almost to the best prices of the day.

ATLANTA'S STRIDES
From Day to Day

Outside of a number of permits for installation of furnaces in dwelling houses, the present season being the time of the year for this, as winter is approaching, and issuing of a building permit for a brick dwelling house, there were no announcements in the local real estate field yesterday.

Practically every real estate office in Atlanta was empty throughout the day, while the agents were out busy at the polls in the interest of Asa G. Candler.

Real estate men were probably more interested in wanting Mr. Candler to win in the mayor's race than any other class of citizens.

Probably this is why Mr. Candler scored such a majority, for much credit is given Atlanta real estate men for accomplishing what they go after.

Brick Dwelling House.

J. O. Moore took a permit to build a one-story, six-room brick dwelling on Hopkins street near Lucile avenue, West End. The building will cost $2,500.

BITTER CHARGES PASSED IN SENATE

Both Republicans and Democrats Accused of Trying to Buy Election—Owens to Fight for Bill.

Washington, August 24.—Republican senators were accused today by Senator Owen, democrat, of a deliberate effort to prevent action before the November election on his corrupt practices bill, which would put strict limitations on campaign contributions. Then the Oklahoma senator announced that he would make an insistent fight to bring up the measure at this session of congress regardless of consequences to early adjournment plans.

He declared the existing campaign contributions law was a fraud upon the American people, charged that the so-called lumber trust had sent $40,000 into Oklahoma to defeat his nomination because he voted to deny William Lorimer a seat in the senate and precipitated a lively debate in which republican and democratic senators bitterly accused each other of planning to buy the approaching election.

All the carefully laid plans of senate leaders to make possible an adjournment of congress late next week were threatened when Senator Owen announced that he was ready to stay here until winter to pass the bill if republicans attempted a filibuster. He said he would make a motion to take it up as soon as the revenue bill was passed. Last week democratic leaders thought they had enough votes to defeat such a motion pledged from senators who desire an adjournment. Whether Senator Owen's sensational presentation of his plan for action has changed that situation is problematical. Should his motion prevail, republican leaders say, a prolonged fight will be made on the measure, which they insist is impracticable and impossible of enforcement in its present form.

Senator Owen made his announcement after his request for unanimous consent to take up the bill immediately after passage of the revenue bill had been objected to by Senator Smoot. Then the Oklahoma senator declared the so-called lumber trust had used a $40,000 fund against him, and Senator Penrose, republican, interjected:

"It is reported that it cost the democratic party $1,000,000 to elect Woodrow Wilson."

"How about the $2,500,000 spent to elect William McKinley in 1896?" queried Senator O'Gorman, democrat.

"That might have been so," Senator Penrose replied.

Resuming his speech, Senator Owen said he had figures showing that Myron T. Herrick, recently nominated for senator by the republicans in Ohio, had personally expended $22,175 in his primary campaign, and that the Herrick Voters' league had spent $29,000.

"It is not difficult to understand why the republicans of the senate do not want this bill to pass now," said Senator Stone, interrupting his democratic colleague. "The reason is that they expect to buy the approaching national election."

"I have heard it stated that the democrats are trying to buy it, and that they already have raised a large fund," said Senator Gallinger, the republican leader.

"I have heard," said Senator Penrose, "that the democrats already have an enormous corruption fund, and that now they want to lock the door."

HOKE SMITH DEFENDS RECORD OF DEMOCRATS

Nation Never More Prosperous Than Under the Present Administration, Says Senator.

Washington, August 24.—Senators Penrose and Sherman, republicans, and Hoke Smith, democrat, consumed most of the time in today's debate on the revenue bill. The Pennsylvania senator concluded a speech begun yesterday, attacking particularly the munitions and inheritance taxes, and the Georgian replied, criticising estimates given by Senator Penrose yesterday and defending the record of the democratic administration.

"Despite the republican prophecies of evil," Senator Smith declared, "the nation never was more prosperous than today."

Senator Sherman attacked the proposed income tax increases as unfair and inequitable and assailed the democratic tariff.

"This present tariff law is a mongrel," he said. "It is a mixture, born of the tariff for revenue and the competitive tariff, and, like a mule, has all the unholy aspects of both ancestors and the virtues of none."

GERMAN LINER SLIPS FROM BOSTON HARBOR

Willehad Merely Moving to New London, Officials of Line Declare.

Boston, August 24.—The North German Lloyd liner Willehad, which has been in refuge here since the outbreak of the war, slipped out of the harbor early today, presumably for New London, Conn., for which port she obtained clearance papers last night.

Line officials asserted the change was made to reduce docking charges and denied reports that there was any connection between the Willehad's movements and the expected arrival of the German merchant submarine Bremen.

New London, August 24.—Up to a late hour tonight no news had been received here of the German steamer Willehad, which left Boston suddenly today. Efforts to reach the steamer by wireless failed.

At the new state pier where it was reported the liner would dock no preparations were in evidence and no one in authority at the pier had any information as to the steamer's whereabouts.

SETTLEMENT EFFECTED IN CHATTANOOGA STRIKE

Chattanooga, Tenn., August 24.—Officials of the street car union tonight completed the draft of the agreement which they will lay before officials of the Chattanooga Railway and Light company tomorrow, providing for recognition of the union, a slight wage increase and reinstatement of twenty-one men discharged before the strike movement was started. The city still was without street car service tonight, except that of the Chattanooga Traction company, an independent company owned by the Anthony N. Brady estate and operated between Signal Mountain, north Chattanooga and the business district.

Both employers and employees said they expect a settlement tomorrow when Vice President M. S. Hopkins arrives from Columbus, Ohio.

BOLT CAUSES EXPLOSION AND MANY ARE INJURED

Brockton, Mass., August 24.—Two persons are missing, four are seriously hurt and nearly a score are suffering from minor injuries after a fire here today which was started when a bolt of lightning struck a vat of denatured alcohol in a shoe factory. The loss is estimated at between $75,000 and $100,000. One hundred and fifty workers were in the building.

Six men were at work in the vat room when the lightning struck. A terrific explosion followed and the ell of the three-story wooden building in which the factory was located was split in half.

Leg Crushed by Train.

W. F. Cook, 40 years old, of 74 Mechanic street, was struck by a train backing into the Union station yesterday which resulted in his right leg being badly crushed. He was taken to the Grady hospital, where it was said the leg would probably have to be amputated just above the ankle.

LANDSTHING POSTPONES SALE OF WEST INDIES

If Considered During War Must Be Decided by General Elections.

Copenhagen, August 24.—(Via London.)—The landsthing, sitting in committee this afternoon, adopted a resolution that if the sale of the Danish West Indies cannot be postponed until after the war the question shall be settled by general elections. The resolution was adopted by 39 to 7. Three members refrained from voting and 13 were absent. This resolution will be submitted formally to the landsthing tomorrow.

King Christian received the leaders of the various parties today and thanked them for their efforts to form a coalition cabinet, although he said he regretted they had been unable to do so.

It is expected that the new constitution will go into effect when the general elections are obtained. As it will be the first time than an election will be held under the new constitution, it is believed preparations for the election will take a long time, and it probably cannot be held before the beginning of the middle of October. Some influential politicians express the opinion that the result of the elections will be that the new rigsdag will ratify the treaty of sale with the United States.

To Make No Difference.

Washington, August 24.—Senator Stone, chairman of the senate foreign relations committee, announced tonight that action of the Danish landsthing in rejecting the proposal to sell the Danish West Indies to the United States would make no difference in the attitude of the United States, nor cause any delay in the effort to have the treaty providing for purchase of the islands ratified here as soon as possible.

"The action of the Danish upper house of parliament," said Senator Stone, "does not mean a final rejection."

FRENCH AND BRITISH PIERCE TEUTON LINES

Continued From First Page.

Turkish Armenia have reoccupied Mush, captured by the Turks on August 8, says an official communication issued by the war department tonight. The statement adds the Russians captured 2,300 prisoners in the battle at Rachta.

The communication says:

"Western Russian front: The situation is unchanged.

"Caucasus front: Our troops, pressing the enemy in the region west of Lake Van, entered Mush, where they took some prisoners.

"Supplementary information received from army headquarters says that in the battle fought in the region of Rachta, where we surrounded portions of the fourth Turkish division, we took prisoner the whole of the eleventh Turkish regiment, consisting of its commander, 56 officers and 1,600 of the rank and file, as well as nearly all of the remnants of the Tenth Turkish regiment, consisting of two staff officers, several other officers and 650 Askaris. We also captured in this battle three cannon and three machine guns."

BRITONS REPULSED, GERMANS CLAIM.

Berlin, August 24.—(Via London.)—The German official statement of today dealing with operations on the western front reads:

"North of the Somme yesterday evening and last night fresh efforts on the part of the enemy were rendered futile. British attacks were again directed against the projecting angle between Thiepval and Pozieres and against our positions around Guillemont. Near Maurepas, and especially to the south, strong French forces were repulsed after stubborn fighting at various places.

"On the right bank of the Meuse (Verdun front) the artillery fighting in the Thiaumont-Fleury sector and in the wooded mountain near Chapitre increased considerably in intensity. Several French attacks south of Thiaumont work broke down.

"During the last few days one enemy aeroplane has been shot down at each of the following places: In aerial engagements near Bazentin and also west of Peronne; by anti-aircraft guns in the region of Richebourg and near La Bassee."

GERMANS REPULSED ON THE STOKHOD.

Petrograd, via London, August 24.—Today's Russian official statement reads:

"Yesterday the enemy opened a fierce artillery and machine gun fire on our positions near Tobol, on the western bank of the Stokhod, 38 miles northeast of Kovel. In the afternoon enemy columns commenced an offensive, but were driven back by our rifle and machine gun fire.

"The presence of Turkish troops on the Zlota Lipa (in Galicia) is disclosed by prisoners taken."

Berlin, August 24.—(Via London.)—The official announcement of today regarding operations on the eastern front follows:

"With the exception of minor successful engagements against Russian advanced troops, as a result of which prisoners and booty were brought in, there were no developments of importance."

FIGHTING SHARP IN CARPATHIANS.

Berlin, August 24.—(Via Sayville.)—Sharp fighting continues in the Carpathian regions, where Austrian and German troops are disputing Russian attempts to advance through the passes into Hungary.

In the Vienna headquarters report of August 23, the German success north of Capul, where Russian positions were taken and 200 prisoners captured, is announced.

Further attacks by the Russians in the Jablonitza pass region, near Zabie, were repulsed. The statement follows:

"West of Morlaka, German troops stormed another Russian infantry position and captured 200 men and two machine guns. Near Zabie Russian attacks were repulsed.

"Further north there were only minor activities which left the situation entirely unchanged."

VICTORY IS CLAIMED FOR TURKISH TROOPS.

Constantinople, August 24.—(Via London.)—The repulse of a Russian attack on the Turkish positions along the Caucasus front with a loss of 3,400 Russian troops is reported in the Turkish official statement today. The announcement follows:

"Caucasus Front: On our right wing separate attacks on the Turkish advance positions were repulsed by counter attacks with considerable enemy losses. In the Ognot sector alone the Russians lost 3,000 men and in front of the Turkish position at Mighi we counted 400 killed."

GERMANS REPULSED SOUTH OF SOMME.

Paris, August 24.—After an intense bombardment of the Soyecourt woods, the Germans attacked with grenades the French positions south of the Somme last night, but without avail, says today's war office statement. Positions between Fleury and Thiaucourt which had been taken by the French were violently shelled by the German guns.

BRITONS BEAT BACK TEUTON ATTACKS.

London, August 24.—On the Somme front in the neighborhood of Guillemont the Germans last night launched a strong attack in an effort to regain lost ground. The official statement issued here today says the attack was repulsed after a severe struggle in which the Germans sustained heavy losses.

Burglar Gets Watch.

Charles T. Hopkins, the lawyer, was a victim of a burglary early yesterday morning at his room, 403 North Boulevard, when he lost his gold watch, with his monogram, C. T. H. thereon, his bunch of keys and a pair of gray trousers. The burglar got away.

SUBSTANTIAL DECREASE IN CHILD PLAGUE CASES

New York, August 24.—Health department officials were encouraged by today's reports on the infantile paralysis epidemic, which showed a substantial decrease in the number of deaths and new cases.
